name and age, the No. of the grave, and the No. of the range, cut thereon; which fact being recorded by the Superintendent, such grave shall be reserved for the use of the same family for twenty years: And graves may be reopened for members of the same family, provided the top of any coffin shall therein be not within three feet of the surface of the ground. The bottom of the first coffin buried in any grave in the North Burying ground shall be at least eight feet from the surface of the ground; and the bottom of the first coffin buried in any grave in the South Burying ground shall be at least Six feet six inches from the surface of the ground. —

Sec. 3. A new range of Graves shall not be commenced until the preceding range is entirely taken up by the deposit of a body, or bodies, in each grave. —

Sec. 4. A corpse shall not be deposited for a temporary purpose in any of the Public Vaults, without the license of this Board. —

Sec. 5. — When a corpse shall be deposited in any of the public Vaults, the same shall be afterwards removed and interred agreeably to the regulations of the Board, and in the manner and time expressed in a license of the Board for said deposit. And for a faithful execution of the same, every person concerned in said deposit, removal, or interment shall severally be responsible. —

Sec. 6. — When a corpse is deposited in a public Vault, in addition to the Superintendant's fees, there shall be paid to the use of the Town one dollar for each Adult, and fifty cents for each Child, to be collected by the Superintendants. —

Sec. 7. — The Superintendants shall severally, on the

Monday of each week, make a return to the Health Office of the persons interred in the Grounds and Cemeteries in their care; which return shall comprise a copy of all the particulars required to be recorded by the first Sections of these regulations; that from such returns this Board, from time to time, may publish Bills of Mortality for the town.—

Article II. Funeral Cars.

Sec. 1.—One of the Funeral Cars which have been ordered to be built by the Town, and which are so constructed that a corpse conveyed thereon will be safe from injury, and are so decorated as to be solemnly impressive on the living, and respectful to the dead, shall be placed in the care of each Superintendant, and shall be deposited for safe keeping in places to be provided therefor.—It shall be the duty of the Superintendants to keep them clean and in good repair; and only permit Funeral Undertakers, licensed by this Board, to use the same, on the payment of the fee established by these regulations. The Superintendants to account monthly to the Treasurer of this Board for such fees.

Article III.—Funeral Undertakers

Sec. 1.—A sufficient number of Funeral Undertakers shall be appointed and licensed by this Board; who shall be responsible for the decent, orderly and faithful management of the Funerals undertaken by them; and for a strict compliance with these regulations. Each Undertaker may employ sober and discreet Porters to assist him; and shall be accountable to this Board for their conduct,

Article IV. Funerals, &c.

Sec. 1.—All Funerals shall be between sunrising and sunsetting, excepting when otherwise ordered by this Board, in cases of the prevalence of contagious and malignant diseases, and shall pass through or into at least one principal street.—There shall be but one bell tolled at any funeral; which bell shall be tolled no longer than one hour, and no oftener than two strokes in a minute, and the bells of the North Church shall not be chimed more than 15 minutes for one funeral procession. The corpse of every person, over ten years of age, shall be conveyed to the grave or tomb in a Funeral Car, to be drawn by not more than two horses; Provided however, that on extraordinary occasions, permission may be obtained of this Board, on regular application to dispense with any of the rules contained in this article.

Sec. 2. The Superintendants of the North and South burying grounds shall designate suitable places in their several grounds for the burial of people of colour, under the direction of this Board.—

Article V. Fines, &c

Sec. 1.—If a Superintendant shall violate any or either of these regulations, he shall, on conviction, forfeit and pay a fine of fifty dollars. If an Undertaker shall violate any or either of these regulations, he shall, on conviction, forfeit and pay a fine of thirty dollars; and if any other person or persons shall violate or transgress them, he or they shall, on conviction, forfeit and pay a fine of twenty dollars. One moiety of which fines shall be to the use of the person or persons

who shall prosecute therefor, and the other moiety to the Treasurer of this Board, for the use of Town of Boston.

Sec. 2.— The Superintendants, Funeral Undertakers, and Porters shall at all times be removable at the pleasure of this Board. —

Article VI— Fees, &c

In Board of Health Boston Nov^r 19 1810

The ordinary business of the Board having been transacted, the President rose and made the following address: —

Mr Bunnay

Sir — The law of the State by which this Board was established, prescribes the vacation of the seat of a Member on his removal from the Ward he represents: — Being, Sir, in the act of removing from the Ward for which I have the honor of being a Member, it becomes my duty to resign the distinguished office which by the partiality and indulgence of the Board, I now hold, and to request through you, Sir, as Senior Member of the Board, that a precept may be issued to Ward N^o 7, to supply the vacancy which will occur.

Gentlemen

Having held a seat at this Board many years, I can attest to the unremitted zeal and fidelity with which its Members discharge the very important duties imposed

Nov 25 1810 — upon them; at the sacrifice of much time and personal ease— I can also bear testimony that their first object inviolably has been to preserve the Health of the Town, and that when consistent with this commanding duty, they have undeviatingly endeavored to give to Commerce every facility in their power, and to their fellow citizens the smallest degree of burthen or inconvenience; and in the expenditure of the public Money, they have observed a rigid economy. — All the power and foresight of man cannot at times prevent the introduction nor impede the progress of debilating disease. But it is in the ordination of Heaven, that human circumspection and exertion shall be the secondary means to ensure its blessing and protection: — And I should be faithless to the dictates of my heart were I not to declare my conviction that to your wise and prudent laws, regulations and precautions, and to the energy and impartiality with which they have been executed by you & your officers, it is under God, to be attributed, that Boston so long has enjoyed the exemption from contagious and malignant disease, which its citizens have experienced and that its reputation for health and cleanliness has has been so extensively spread. You have measured, and the knowledge of the success which has attended them, will be a guarantee to your fellow citizens of your future conduct.

During the past year a new and arduous duty, in the regulation of the Police of the Burying Grounds and the interment of the dead, has been assigned to you, by your fellow townsmen, & a law of the Commonwealth. You foresaw the difficulties which would attend the prompt and radical cure of long standing evils and abuses; and you hesitated to accept the additional charge. But patriotism overcame the fear of personal inconvenience, and after repeated solicitations you assumed the new duty, and

Nov^r 25 made arrangements to discharge it with your usual intelligence and energy. Before, however, time had been given to test by experience the wisdom of your proceedings;

, your system was assailed by the clamor of ignorance and undue prejudice, and agitated by men in a degree interested in the perpetuation of evils and abuses which it was your duty and object to remedy and remove. The worst passions of the Mind were excited to condemn it. —— to give opportunity for observation and the most rigid examination of your conduct and directions, you suspended your operations for a season; but you never deviated from the discharge of what you deemed to be your duty, nor shrunk from responsibility. And your fellow citizens must be satisfied that the prejudices excited against your regulations originated in deception and Weakness; and will now duly appreciate your conduct and motives —

You, Gentlemen, have this triumphant consolation, that in return for prejudice, criminiation and passion, you have offered nothing but a forbearing and forgiving magnanimity, and an open exposure of all your proceedings. ——

In taking leave of the Board, I cannot omit to offer to you my most grateful acknowledgments for the honorable support I have received in the discharge of the duties of the Chair, and for the many testimonials of respect and Politeness given by you individually. To discharge those duties with punctuality and impartiality has been in my power, and has been attempted; and such capacity as I have had measured to me, has always been brought into the execution of my duty. Permit me to conclude with the assurance that in any walks of life I may pursue, my exertions and influence (if I possess any) shall be devoted to the vindication of the assiduity, the correctness, the energy, and the disregard of personal inconveniences, which

Nov 25th 1810

has, and I am confident, will actuate and animate your conduct; to the promotion of the respect and esteem you so well deserve of the public; and the individual happiness of men who make so many sacrifices to advance the common good ——— Benjamin Russell

In Board of Health Nov.r 1810

The Committee on the address of Benjamin Russell, Esq.r late President of the Board, reported the following answer, which, being read was unanimously accepted. ———

Ordered, That the same Committee present the answer in behalf of the Board as follows:

Sir

The Board of Health, on receiving your communication informing them of your removal from Ward N.o 7. which ipso necessarily vacates your seat as a Member of this Board conformably to law: cannot omit to express their sincere regret on an occasion which has deprived them of so valuable a member ———

Your prompt, faithful, and energetic conduct as a Member has for many years been witnessed by your fellow citizens: and the graceful, dignified, and impartial manner in which you have presided over their deliberations, has been a subject of felicitation to each Member of the Board.

The present Board have relied much on your judgment and experience in both those situations; and they are happy to embrace this opportunity to express their entire satisfaction of the manner in which you have afforded them your council and aid. ———

The important and arduous duties imposed on the

Nov 25 Board by the confidence of their fellow citizens and the
law of the land, have demanded and received great sacrifices from
its members both in time and personal ease; and an impar-
tial public has witnessed the fidelity and zeal with which
their regulations have been enforced in every instance where
they have had an opportunity to estimate their utility.—
To preserve the Health of the town has been the great object of
their constant pursuit, in the Rules and Regulations adopted
by the Board. But in forming them they have as uniformly
considered the variety of interests affected thereby, giving to com-
merce all the facility in their power, and avoiding every con-
straint on the persons and property of individuals, not ab-
solutely necessary to accomplish the great end they had in
view. ———

Under the providence of God and as a mark of his particular
favor their efforts have been blessed and the town has been
(thus far through the year) preserved from contagious and malig-
nant disease: while they acknowledge with gratitude this repea-
ted instance of the divine favor, the Board would be lost to
a sense of justice were they to withhold their approbation of
your assiduous and efficient exertions in forming and execut-
ing those laws regulations and precautions, which as a secon
dary means has secured the blessing, and to which under
Him may justly be attributed that reputation the town
enjoys abroad for public health and cleanliness.

In taking upon themselves the discharge of new duties dur-
ing the present year imposed by a vote of the town and the
act of the Legislature the Board foresaw that obstacles would
be strewed in their path by the prejudice, ignorance, and the
self-interest of individuals, who lost to every sense of public
good, and wrapped up in selfishness, ignorance and pride,
might attempt to attach odium and reproach to their laudable

motives

Nov^r 25^th 1816

and patriotic exertions, in introducing a radical cure for a long standing and manifest public evil. They would have witnessed with pleasure, the same liberality from a discerning public in aiding their exertions, as was manifested by the Board while this subject was in debate; untill experience had tested the utility of their regulations. But as this was unfortunately not received the Board with the magnanimity characteristic of all their proceedings. waved their their first regulations to meet their fellow citizens on a new ground. ——

Time and experience will sometimes teach wisdom which arguments founded in reason and common sense will not effect. And the Board in addition to the consolation resulting from a faithful discharge of imposed duties, cannot but expect their conviction that the time will shortly arrive when their fellow citizens will regret an unfriendly interference with regulations on a subject but partially understood; Had the Board been actuated by motives of false delicacy or love of personal ease, they might have shrunk from duty and responsibility: — But it ever has been and still is their triumph, that the most malignant passions of the human heart, the most formidable oppositions and the most inveterate prejudices have been overcome by a faithful zealous, impartial and unremitting discharge of the duties assigned, and although in some instances they have not received the public approbation, yet they ever had and still enjoy the consciousness of having deserved it.

In their appropriations and expenditures of the public money placed at their disposal, economy has ever been a consideration second only to that of the public health. The Board have uniformly witnessed in you a faithful guardian of the interest of the town.

The support given you in the chair, and any marks of individual respect and politeness, during your presidency, has been the voluntary effusions of those hearts capable of appreciating

Jan^{y} 25 1810 and prompt to bear testimony to real merit. Binney future situation of life that you may be called to fill, the warmest wishes of the individuals composing this Board. will constantly accompany you for your individual prosperity and happiness.

At a Special Meeting of the Board of Health. This Day. Present Gore & See & Sec'y President.

Mess'rs Bumney, Ellis, Boardman, Waller } Tucker, Whitman, Chamberlain, Gore

The Committee to whom was refered the communication from the Boston Medical Association, on the subject of a general vaccination of the inhabitants of Boston liable to the disease of the Small pox, having confered with a Committee of that Association & considered the propositions submitted by them on the subject, are happy to state, that the generous manner in which those highly respectable gentlemen have come forwards with a plan to vaccinate the inhabitants of this town upon terms within the ability of all persons to comply with, and the tender solicitude discovered for the health, safety & convenience of the citizens, evinces a character honorary to them, while it affords an opportunity to the Board of Health under the act of the 6th of March 1810. to cooperate with them in their endeavors to prevent the spreading among the citizens of that loathsome & distressing disease the Small pox.

We therefore Ask leave to report. That it is expedient that the following address to the Citizens of Boston by the

March 21st 1811 Board of Health should be immediately made public accompanied by the following recommendations & Orders. viz

Health Office Boston 21st March 1811.

To the Inhabitants of the town of Boston

Fellow-citizens;

Whereas it is now well ascertained by repeted experiments made in various parts of the world, and particularly by accurate tests by this Board at Noddle's Island in the year 1802, and since that time at other places where this Board have attended, that inoculation with the Cow-pox is a compleat remedy against that loath some and dangerous disease the Small-Pox, which has made such havoc in our country in times past, and to the distressing influence of which thousands of our fellow-citizens are yet exposed; it will always be the duty of those who are placed as the guardians of the health of the people, to assist the generous and philanthropic endeavours of all such persons as come forward to relieve the distressed, mitigate the sufferings of the sick, or secure from disease and danger those who enjoy the blessings of health. It is with great pleasure therefore, that the Board of Health of the town of Boston have it in their power to inform their fellow citizens, that on the 15th instant they received a Communication from the Boston Medical Association, proposing a general vaccination of the Inhabitants, who are liable to the reception of the Small Pox, under the direction and control of the Board of Health, in a manner which does great credit to the generous feelings of those gentlemen and which will be accommodated to the convenience and ability of all classes. Those who are unable to bear the expence will be furnished with medical assistance free from any charge: and the cost to those who are able to pay will be moderate, thus placing it within the power of all to free themselves from the danger attending a delay in making use of those means which a kind Providence has placed in their hands of freeing themselves from the destructive influence of the Small Pox, and of contributing their aid in exterminating that disease, so fatal in its consequences and to

March 21st 1810 which so many thousands among us are daily liable, it having been seven times brought into this port since October last, by sea, and one case still exists at Rainsford Island. The approaching season is the most favorable to commence this work of humanity and precaution; the town is now healthy, medical aid will be readily furnished, no one need for a day relinquish his usual employment, and a few weeks will accomplish the desirable object of freeing the town from the danger of an introduction of the Small-Pox among us.

The Board of Health do therefore, unanimously, recommend to their Fellow-citizens, who are themselves, or who have any one in their families subject to the infection of the Small Pox, that they apply to some member of the Boston Medical Association between the 1st day of April and the 1st day of July next, during which time those gentlemen will attend ------- for the purpose of innoculating all such persons with the Cow Pox. And it is hereby ordered, by this Board, at the request of the Medical Association that in all cases where any person shall be vaccinated, and is not, in the opinion of the member of the Board of Health or of the Overseer of the Poor of the Ward in which such person resides, of sufficient ability to be at the expence thereof, all such persons shall, on producing a Certificate of such opinion or judgment signed by said member of the Board of Health or Overseer of the Poor for such Ward, be wholly freed from any expence attending the same by the Physician being a member of the Medical Association, who attended them. And it is further ordered, that each of said Physicians keep a register of all persons by him vaccinated, containing the name, age, and place of residence of each person, and return the same to the Member of the Board of Health for the Ward in which such persons reside, and that report be made from time to time to the Board of Health of their progress.

By order of the Board

George S. Lee President.

Josh Bracknell Secry

Voted that the Report of the committee be recommitted to the same Committee, to make the suitable arrangements for publishing the same.

March 21 1811 The Committee also Reported an answer to Lord Winterbourn's Letter to the Board of 16th Instant which was read and accepted and the President was directed to sign and send the same to him

The following is a Copy

Boston March 18th 1811

Sir

In behalf of the Board of Health I have the honor to acknowledge the receipt of your favor of the 16th instant on the subject of a general vaccination of the inhabitants of this town who are now liable to the reception of the Small-Pox.

A communication from the Boston Medical Association embracing the same benevolent views having been previously recd & acted upon, renders it improper for the Board at present to take any active measures in your desire

In Board of Health Boston April 15th 1811

Ordered, That the following regulations for preventing and removing Nuisances within the limits of the Town of Boston have the force of law, from and after Monday the twenty second day of April current.

House Dirt &c

Art. 1. No person, or persons, shall be allowed to throw, or bring into any street, square, lane or alley, any house dirt, filth, or sweepings of any kind, or any decayed vegetable, or dead animal substance, between the first day of May, and the first day of November, ensuing. But all such house dirt, filth, sweepings, or vegetable or animal substance, shall be deposited in such vessels as will Not contain liquids, and kept in some convenient situation for the drivers of the Scavenger's carts to take away. And no person shall be allowed to cast any dead animals, vegetable substances, or sweepings of any vessel, into any of the docks, the Mill-pond, or any other place between the channel and the shore; nor to land the same, or any foul and infected ballast, or other substance, on any wharf, or landing place, within the town. And any dead animal thrown into the

April 15th 1811 channel shall have a sufficient weight affixed to it, to prevent its floating to the shore.

Removal of Dirt, &c.

Art. 2. Whenever any quantity of dirt, saw dust, soot, shavings, straw, animal, or vegetable substance, or filth of any kind, shall be found in any cellar, yard, or other premises, or be thrown into any street, square, lane, or alley, the owner, or occupier of such cellar, yard, or other premises, where found; or the owner or occupier of the premises from whence such dirt, saw dust, &c. had been removed, shall cause the same to be carried away, at his, or her expense, within four hours after notification, in writing, from this Board— And all carts, or waggons, employed in the carting earth, clay, sand, or dirt of any kind, shall have, and use good and sufficient fore and hind boards, and otherways sufficiently tight to prevent the said earth, sand, clay, or dirt, from dropping in the streets throughwhich they may pass.

Waste Water

Art. 3. The owners, or occupiers of houses, buildings, or lands, shall cause all waste water from their premises to be conveyed from their cellars, yards, sinks, pumps and vacant lands, through drains under ground to common sewers; or to such reservoirs, sunk under ground to receive the same, as a committee of this Board shall appropriate.

Vaults, Privies, &c.

Art. 4.—The owners of vaults, or privies, and the occupiers of the house or houses, store or stores, to which they belong, or are attached, shall not permit the contents of such vaults, or privies, to rise within two feet of the surface of the earth; and if such contents are found within two feet of such surface, the owner, or occupier or occupiers, will be prosecuted without further previous Notice. And no vault

April 15th 1811

or privy, shall be emptied between the first day of June, and the first day of November, without a permit from this Board, and by persons authorized for that purpose..

Stables, and Stable Manure.

Art. 5. The owners, or occupiers, of livery, and other stables, shall not permit more than two cart loads of manure to accumulate and remain in, or near their stables, at any one time, between the first day of May and the first day of November—and shall keep their stables, and stable yards, clean and decent.

Market Stalls.

Art. 6.—Persons occupying stalls in Faneuil Hall, or Boylston market houses, or Market-place, and Cockspuare, shall daily, in the morning, during the Months of June, July, August, September, and October, wash or cleanse their respective stalls—They shall not permit any heads, feet or offals of dead animals, or vegetables of any kind, to remain in or about their stalls over night—They shall take up, and remove the platforms of their respective stalls on the first day of June, and shall not replace them until the first day of November ensuing, during which period, meats of any kind, shall not be exposed in the markets, or any other place within the town, excepting in stalls, carts, or other vehicles, which shall be covered from the rays of the sun, nor expose for sale any mutton or lamb, with the feet on the same.

Damaged Grain, Rice and Coffee

Art. 7.—No person shall be allowed to land on any wharf, or put on shore, from any boat, or vessel, or bring into town by land, any damaged grain, rice or coffee, between the 10th May and 10th November next, without a permit from this Board.

Swine and Goats.

Art. 8. Swine and goats shall not be kept within the limits of the town by any person, without a licence from

April 15 1811

from this Board, and such person giving bond to keep such swine or goats clean, and confined in situations which will not be offensive to the neighbourhood.

Fresh Fish

Art. 9.—All fish, before brought into this town, shall have been first gutted, and the fish made clean; Fresh fish (excepting such as are named in the succeeding article) shall not be offered for sale between the 1st day of May, and the 15th day of October, unless kept in covered stalls, fish boxes, or other boxes, situated over the salt water:—And fresh fish offered for sale in the streets before the 1st day of May, and after the 15th day of October, shall be kept clean in covered carts, barrows, &c.

Salmon and Small Fish

Art. 10.—Salmon, Shad, Bass, Mackarel, Sanlons, Eels, Flounders, Tomcod, Smelts, and other small fish, may be sold at all times, in any part of the town, provided they be kept secure from the rays of the sun; but venders thereof will be held responsible for any nuisance created thereby.—Provided, however, that Salmon and Bass, brought to town by sea, may be sold, and landed therein, when cleansed of their entrails; which entrails are to be kept on board in light vessels, and removed beyond low water mark at every time of high water—And that no person take a stand in, or near the Faneuil-Hall Market, for the sale of such fish as are allowed by this article, but at the north side of said market-house, at the place provided by the Clerk of said Market for that purpose.

Oysters and Lobsters

Art. 11. Oysters shall not be offered for sale within the limits of the town, between the 5th day of July, and the 1st day of September. Lobsters shall not be exhibited for sale in any place, excepting on the several Bridges

April 15th 1811 Wharves, Ferryways, and at the Boylston Market, and Town Dock; and persons selling them there will be answerable for any nuisance occasioned thereby.

Feathers, Rags. &c

Art. 12.—Feathers, old or new, shall not be landed, or brought within the limits of the town, between the 1st day of May, and the 1st day of November, without a permit from this office, after a strict examination by the person authorized by this Board—And feathers and other beds, bedding, clothing, or rags, shall not be landed, or brought into this town from any place where any contagious disease doth, or hath recently prevailed, unless by special permission of this Board.

The Mill Pond.

Art. 13.—The water of the Mill Pond shall not be drawn off so as to leave the surface of any part of the bottom thereof bare, between the fifteenth day of June, and the first day of October, without a permit from this Board.

These Regulations, in addition to those enumerated by the Act empowering the town of Boston to choose a Board of Health, being essential to the preservation of the Health of the town, it is the determination of this Board most rigidly to enforce their execution, and to prosecute all violators—And, as heavy penalties are by law attached to the breach of any, or either of them, the Board request their Constituents, to cause these Regulations to be made known to all persons under their direction, and read to their domestics: and to assist the Board in their due execution.—Complaints of any breaches thereof, or any neglect or inattention, in any Persons employed or licensed by the Board, are solicited; and those who complain may rely on inviolable secrecy.

In Consequence of a Communication from the Boston Medical Association of the 13th Instant to the Board Requesting a public expression of the sentiments of the Board on the subject of Vaccination. A committee was appointed consisting of the President. Col Robinson & Capt Sigourney who reported the following Viz.—— Surmoved——

April 15th 1811 to the Ladies of Boston

The Board of Health of the Town of Boston by their Vote of the 21st of March last, having taken measures to encourage the inoculation, with the kine Pock under the superintendance of the Medical Association of Boston, all such persons, resident in Boston as are exposed to the contagion of that loathsom, distressing and fatal disease, the small pox, and being sensible that the most benevolent designs, cannot be carryed into effect, without the aid of proper agents, whose kindness disposition and zeal in the cause of humanity can only be checked, by an accomplishment of the object proposed. And as the Ladies of Boston have long been distinguished for their Benevolence, kindness, and attention to the sacred duty of relieving the distressed. The Board of Health request their particular aid in the accomplishment of so desirable an object, as freeing the Town of Boston from the Calamity, which would attend the introduction and spreading of the Small Pox among the Citizens of the Town—To which purpose, it is requested that the Ladies of the several Wards in this Town, would encourage all persons in their respective Wards, who have not been inoculated with the kine pock & who have not had the Small Pox, to apply immediately to some medical Gentleman, and be inoculated with the kine Pock, and particularly to visit those poor persons, widows and Orphans, whose situation, from misfortune requires the encouragement, as well as the aid of Melting Charity and persuade them to apply, agreeable to the plan suggested by the Board of Health, and the invitation of the Medical Association, and receive the blessing of inoculation with the kine pock free of expence

All such Ladies as interest themselves in this benevolent object, are requested to inform the medical Gentlemen who attend in their wards of the names and places of abode, of all such persons; who are in their opinion, subjects of this Charity.

In Board of Health Boston April 15th 1811

On Motion Voted Unanimously that the aforesaid address to the Ladies of Boston, be accepted recorded and a copy of the

April 15th same, published in the papers employed by this Board.

Benjamin Whitman President

Attest – N. Freeman Secy

In Board of Health Boston April 15 1811

Ordered, That the following Regulations for the Quarantine of vessels, and other purposes, be published for general information:—

Article 1st Quarantine of Vessels.

Section 1st On and after the 20th day of May next, a quarantine shall be had of all vessels, their officers, crews, passengers, and cargoes, that come within the harbour of Boston, which are from, or have touched at any port or place within the tropics or any of the West India Islands, or from any port or place where contagious sickness doth, or hath recently prevailed—of all vessels on board of which any person shall have died of any disease, or been sick during their homeward passage, excepting vessels coming from places beyond the Cape of Good Hope, where no contagious or malignant disease was known to be prevalent previous to their departure or from the islands of St. Helena or Ascension.

Sec. 2. The quarantine above directed, shall be had near Rainsfords Island, under the direction of the Visiting Physician, and other officers of this Board; and shall continue on every vessel which has had Twenty two, or a less number of days passage, until she shall have made up twenty-five days from the day she left her last port; and each vessel which has had twenty three, or more days passage, seventy-two hours in addition to such passage. And on every vessel, on board which during her homeward passage, any person shall have died (excepting from accident or casualty) the quarantine shall be extended to 25 days from the last death.—And no vessel shall be

April 15th 1811

considered as having commenced quarantine, until she shall have been anchored in her proper station on quarantine ground, as directed by the Visiting Physician, or other officers of this Board.

Sec. 3. The masters, officers, crews, and passengers of all vessels, when on quarantine, shall be subject to the Regulations of this Board, and such others as may be adopted by the Visiting Physician: — And the master of each vessel shall be accountable for the appearance on board his vessel, at the time she shall be discharged from quarantine, of all and every person who arrived in her, or who may have been landed from her in any port of the United States, except on board any other vessel, during her homeward passage; cases of death excepted.

Sec. 4. In extraordinary cases the Committee of the Week is authorized to direct the above periods of quarantine to be prolonged.

Sec. 5. Vessels not otherwise subject to quarantine, having only Small Pox on board, may be discharged whenever the Visiting Physician shall consider them free from infection.

Sec. 6. Every master of a vessel shall, within twenty-four hours after being discharged from quarantine, deliver at the Health Office in Faneuil Hall, the certificate and flag he shall have received from the Visiting Physician, or Island Keeper, and shall, on paying the sum of ten dollars, receive a counter certificate from the Secretary of this Board, to entitle his vessel to entry at the Custom-house.

Sec. 7. When any vessel has been quarantined, examined and attended, and the master is desirous of leaving the ground with his vessel, for any other port, he shall, previous to his receiving his certificate of discharge, pay to the Visiting Physician the established fees. —

Sec. 8. During the time a vessel shall be on quarantine,

April 15 1811

on application made to this Board to permit the unlading and conveyance to town of any wine, rum, spirits, salt, sugar, molasses, mahogany, dyewoods, tobacco, preserved, or other fruits, and such other articles as shall be declared incapable of receiving or conveying infection, and when permission to unlade the same shall have been obtained from the Custom House; it shall be lawful for the committee of the Week to authorize the Visiting Physician of this Board, to permit such articles to be unladen from any vessel on quarantine, and the same to be conveyed to town, by Lightermen duly licensed by this Board for that purpose. And the Visiting Physician shall grant a certificate thereof, to be deposited in the Health Office, for which twenty five cents shall be paid: And the lighters to be employed in the transportation of such uninfected articles, shall, when unemployed, be anchored off the south-east part of Ruinsford's Island; and the Lightermen employed therein, shall not be permitted to land in town, without the permission of the Visiting Physician. ——

Article II. - Mediterranean Vessels.

Sec. 1 Every master of a vessel who, on and after the 20th day of May next, until the further order of this Board, shall arrive from any port or place within the Streights of Gibraltar, shall carry and anchor his vessel on quarantine ground, where she shall be examined by the Visiting Physician, who may permit her to pass immediately, if it appears to him that the public health will not be endangered thereby. And the master of such vessel shall receive a counter certificate from the Secretary of this Board, to entitle his vessel to entry at the Custom house, on his paying him the sum of five Dollars.

Art: 3. Vessels to be Reported

Sec. 1. The master of all vessels, which, on and after the 20th day of May next, shall arrive from any port or place not subject to quarantine, shall, previous to entry at the

April 15th 1811 Custom house, make report at the Health Office, in Faneuil Hall, of the state and condition of their crews, passengers, and cargoes, and of all other circumstances which may concern the public health. If found to be from a port free of contagious disease, the master of each vessel shall receive a certificate to permit the entry of such vessel, at the Custom-house, for which 25 cents shall be paid; if otherwise, the vessel, crew and passengers, shall be sent to Rainsford's Island, on quarantine.

Article IV Vessels from out Ports.

Sec. 1. Every vessel which shall arrive, and enter at any out-port from any of the ports or places mentioned in the first article of these regulations, and shall afterwards come to this port shall be subject to quarantine, unless the master produces a correct certificate from the Board of Health, or Selectmen of such out-port, that such vessel has been at least twenty five days from such ports or places, that during that time no person has died, (excepting by accident or casualty) or been sick on board; and that such vessel has been duly examined, and thoroughly purified, or cleansed.

Article V. Infected vessels.

Sec. 1. All vessels, from any port or place whatever, having, on their homeward passage, had one or more persons sick on board, shall, at all seasons of the year, be liable to perform quarantine, if in the opinion of the Visiting Physician it shall be necessary.

Article VI

The Duty and power of the Visiting Physcn

Sec. 1. It shall be the duty of the Visiting Physician of this Board, to visit Rainsford's Island every day when there are three or more vessels on quarantine; and when less than three, as often as the Committee of the Week shall prescribe. He shall direct in what manner vessels are to

April 15th be cleansed; what articles shall be landed, washed, buried, or destroyed; He shall order the sick to be landed if necessary: shall attend all the sick at said Island, prescribe according to his best skill and judgment to their relief: and find all medicine; He shall be allowed to charge each sick person for such attendance, provided his charge does not exceed three dollars for common cases; but he may increase the charge for extraordinary cases, deemed such by the Committee of the Week: and he shall report at least once a Week, the number of such sick persons under his care at the Island, the length of time they have been confined there; and, when discharged, shall immediately present his account for attendance, to the Committee of the Week, a record, a record of which shall be entered on the Journal kept by that committee; he shall direct the pilots where to anchor vessels; and they are hereby required to obey his directions; he shall deliver to the master of each vessel arriving on quarantine, a copy of the Quarantine Regulations of this Board. He may establish rules and regulations for the preservation of good order on the Island, and to promote the designs of quarantine, such rules and regulations being under the controul of this Board; he shall, from time to time, report to the Committee of the Week, the state of vessels on quarantine; he shall grant a certificat of discharge to each vessel having duly performed quarantine; and generally, it shall be his duty to do, and perform all things necessary to carry the Regulations of Quarantine into compleat effect.

Article. VII.—The Secretary's Quarantine Duty. Sec. 1. The Secretary of this Board shall receive the Visiting Physician's certificates of discharge; shall give counter-certificats to entitle such vessels to entry at the Custom house; shall receive the fees required for such certificate, and all other fees, and the same pay to the

April 15th 1811

Treasurer; he shall make the necessary inquiries of all masters of vessels reporting at this office; shall note the same; and shall receive and communicate at every meeting of this Board, the reports received from the Island.

Article VIII. The Island Keepers Duity

Sec. 1. The Island keeper shall personally attend the purification of all vessels, clothing, bedding, persons, &c at quarantine, agreeably to the directions of the Visiting Physician — He shall board and attend the sick, and find nurses — He shall be allowed five dollars each week for the board and nursing each sick person at the Island; to be collected as the fees of the Visiting Physician are by law collected, or assumed; he shall employ two persons to ply with him the island boat, during the time a general quarantine is required; he shall communicate to the Health Office information of the arrival of vessels at the Island, as they occur; and of any event which may require the attendance of the Visiting Physician at the Island; shall carry supplies to vessels on quarantine when delivered on board the boat, and shall be held to conform to all the directions of this Board in all matters respecting quarantine.

Sec. 2. In the absence of the Visiting Physician, the Island Keeper is charged with the police of the Island, agreeably to the laws and rules thereof.

Article IX

No person, not on quarantine, shall be allowed to visit Rainsfords Island, during the time of quarantine, without producing a permit from the Secretary of this Board, for which 25 cents shall be paid for each person; but no certificate shall be valid, unless presented within three days from the date.

The Secretary reported he had given copys of the Quarantine Regulations to the printers to publish and was promised by them, they should appear in season —

The Committe appointed at the last meeting to confer with the Selectmen had further time allowed them

The Secretary reported that the Funeral Regulations agreeable to order, had been published in the Independent Chronicle; That a copy had been given the Editor of the Columbian Centinel That they would be published in season —

The Committee to whom was referred the consideration of a Complaint against a Nuisance near Harris's Stores Cornegh Street (late Hawes Cellar) ask leave to Report. That having attended to the subject of Complaint, are of opinion that it is proper to devide said complaint into two parts, One of which they conceive should be referred to the Selectmen as Surveyers of highways. Your Committee have therefore simply ..... informed the Selectmen of the situation of the Street in question which forms one part of the Complaint. Respecting the Cellar which forms the other part of said complaint, your Committee

April 22 1811 recommend that in the first place all animal & vegitable substances be immediately removed by order of this board. and that so much clean dirt or gravel as will fill the said cellar sufficiently high to meet the drain shall be put therein and Levelled for the purpose of conveying all stagnant water. and your Committee are of opinion that nothing more is necessary to be done — excepting it be to prosecute in future all, who throw into said cellar filth of any sort — It is understood by your Committee that a Law suit now pending will probably establish a Proprietor who may then be charged with the expense of this undertaking At present the Committee cannot find any owner on whom to charge the cost of this contemplated Business all which is Respectfully submitted

Sam[l] Dorr Per Order

Voted, To accept the report of the Committee, and that the same committee Carry the report into effect —

Voted ... not to except the proposals of Mess[rs] Bridge and Badger to do the Scavengers Work for Three Hundred & Sixty dollars per Cart

Voted, That the Secretary publish for proposals for doing the Scavenger Work for the ensuing season, in all the public papers to be brought in on or before Monday next.

The Visiting Physician having reported on the 18th Instant to the Committee for the week that the Boat Swimmer belonging to the Commonwealth had gone a shore they directed him to proceed to Rainsford Island & give such orders as might be thought best, accordingly finding on his Visit the Boat had been got off and towed to the Wharf, he requested Mr. Spear to have her brought to Town and delivered to Capt Rhoades to be repaired He now suggests whether a committee ought not to be appointed to attend to this Business —

April 22 1811 Voted to accept the Report of the Visiting Physicians respecting the Boat, & that Capt Freeman & Capt Sigourney be a Committee to make the necessary repairs & see that the boat when repaired be returned to the Island Keeper.—

Voted, That John P. Hammatt be the inspector of Feathers for this Board the ensuing year—

The Secretary Reported he had agreeably to order contracted with Major Russell & Messrs Adams & Rhoades to publish in their papers the Acts of the Board the Ensuing year for Thirty dollars each

The Member from Ward N5 Reported that Workmen Removing Dirt from a Hill at West Boston, had dug up a number of Skeletons The Committee for the Week were directed to order the said bones to be decently taken up and Conveyed to one of the Charnel

See Bridges Letter on file — Ordered, That the Communication of Messrs Bridge and all others on the subject of Burying Grounds, be referred to Mr James Loring, Cotton & Dorr a Committee appointed to examine & Report on the same at the Next Meeting of this Board—

The Secretary Reported he had contracted with Mr James Loring for the printing four thousand Copys of the Internal Health Regulations for Thirty two dollars. and for distributing the same Nine dollars. The same as was given the last year—

Voted, That the time of the Meeting of the Board on Mondays be at 3. O'Clock in future, till the further order of this board any thing in the Rules and Orders of the Board notwithstanding—

The Committee Charged with providing a suitable place

April 24th to deposit the filth of the Town, have attended that service and report. Having viewed with a Committee of the Select-men the several Slips, and passages, belonging to and the Proper-ty of the Town — as well as their relative situations, are Unanimously of Opinion and do recommend — That the Wharf near Craigie's Bridge should be immediately removed — and rebuilt at the North side of the Colonnade Wharf, connected with the 30 feet passage way in a direction to the Rock until it meets the channel, say 150 to 200 feet in length That the same be railed, or boarded, on the sides, and that a sufficient fence be built to protect the end of the Wharf, on the North side of said passage Way — Which Wharf shall be considered in future as the place for all filth to be emptied at the end thereof, for the southern district — And we further recommend, that the usual place of deposit on Lynn Street, be continued for the present — on the terms as heretofore for the North District —

Which is respectfully submitted

Report of Committee to build a Wharf from Elms House Wharf to the Rock

The Committee appointed to have a Wharf built at the N.E. end of the Elms house Wharf, have so far attended to the business as to ascertain what the expence will be, and that the wharf now standing at the bottom of Leverett Street will not be of any service in the new wharf to be erected, they therefore recommend that said wharf be left there until the new one is finished and fit for use, then to be disposed of as this Board shall think best — The expence of the new wharf to be built on eleven peirs, three of Oak, & eight of pine, with a railing on each side and covered with three Inch plank, will cost twelve hundred Dollars. it is probable that it will be necessary to erect a fence on the Elms House wharf from the Street to the end of the wharf, which will cost about one Hundred & fifty Dollars making a total of thirteen hundred & fifty Dollars, which sum the Committee recommend to be added to the sum reported to the Board by the Committee of finance, to be reported to the Auditors on the Town Accounts as the sum wanted for the Service of the Board this year —

Voted, To accept the above report. ——

Voted, That the Committee appointed to build a Wharf from the N.E end of the Elms House wharf, be requested to wait upon the overseers of the Elms House and inform them of the doings of this Board and request their concurrence —

The Committee on the Scavengers Department Reported progress and had further time.

The Committee on the contract with Mr Bruce for Night Work. Reported progress and had further time ——

The Committee authorized to wait on the Board of Overseers and inform them of the doings of this Board relative to the Building of a Wharf connected with the Alms House Wharf — and their wishes for the Concurrance of the Board of Overseers of the Poor in that particular. have attended that service — and expect a reply by a Committee from their Board.

May 6th 1811 A Committee from the Board of Overseers were introduced and informed this Board that the Overseers could not concur with this Board in the erecting of a Wharf from the Alms-house wharf for the purpose of depositing the filth of the town and the Night Carts, conceiving that it would be a Nuisance to the House, and a diminution of the revenue of the town in the rent of the wharf, and that said wharf was now let —

Voted, That a Committee of this Board be raised to confer with the Selectmen & inform them that the Board of Overseers. after considering the Alms House wharf solely under their control refuse their concurrence with the determination of The Board of Selectmen & of Health, respecting a Wharf from The almshouse wharf for the use of the Night Scavengers Carts & to confer with them on a proper method to effect the Object.

Voted, To accept the above Report. —

Voted, That Comfort Cleffen have leave to withdraw his application for a Funeral Undertaker.

The Committee to whom was Referd the request of Wm Dall & others for Leave to Erect a Fish Market at the South part of the Town beg leave to Report, That they have

May 6th 1811 leave to erect one conformable to the rules & Regulations of this Board —

Voted, to accept the above report —

Voted, That the Committee on the subject of a Nuisance in Bacon Street have further time —

The Committee directed to view the situation of the North Gun House — and report on the expediency of removing the same on the New Burial Ground — have attended that service — jointly with a Committee from the Board of Selectmen — and Report —

That the said Gun House is now standing partly on a Town passage way — and partly on Land of Henry Newman. which Ground being in part removed renders the foundation unsafe and insufficient — and of necessity the Building must be removed and can only be removed entire with safety on Rolers —

We find a vote of the Town passed the 3d Day of August 1810 an attested Copy of which accompanys this. That the said Gun House should be placed on land purchased from Mr Benjamin Weld —

We likewise find a Resolution of the Board of Health. in October 1810, That their Regulations of the Burial Ground should be made Conformable to the Votes of the Town, referring to the date of the 3 August 1810 —

Upon the foregoing consideration and many Others — We are of Opinion that this Board have not the entire controul of the Land in question — And that our consent to a temporary Appropriation of the Burial Ground to place the North Gun House upon until it is necessary for Burials is expedient — The Building to be placed on the East boundary line —

— The Cart House to be removed Westerly to give place therefor.

Voted, to accept the above Report, and the same Committee are Directed to communicate the same to the Selectmen.

Respecting the Gun House on Cops Hill

May 5th Voted, That Capt Freeman & Mr Lovering be a Committee to Ascertain the fact, of a Nuisance occasioned by the Vault of Alexander J. Allen near Boylston Street and report. —

Voted, That Messrs Tuttle & Robinson be a Committee to examine & to ascertain the fact of a Nuisance from the Vault of Wm Sales in North Street. —

The Committee of Finance appointed to inquire, at the request of the Towns Committee on their pecuniary concerns, wether any considerable savings could be made in the expenses of the Board of Health for the ensuing year, Report, They have informed The Towns Committee aforesaid, That a considerable saving might be made, should the Town devise means to furnish their Treasurer with monies to pay bills drawn on him, with promptness and punctuality. And that no other method of retrenching their expenses occured to the Committee —

Voted, That the above Report of the Committee be accepted

The Committee of Finance appointed to report also to the Auditors of the Town Accounts, the sum necessary to be raised the ensuing year to defray the expenses of this Board, have accomplished that business, and report the sum of Seven Thousand Dollars agreeably to a vote of this Board —

The Committee appointed to Consider and report on a day suitable for the Board to visit Rainsford Island for the purpose of establishing Quarantine regulations. do recommend Friday the 17th Inst for that purpose — Should the Weather prove unfavourable the day following —

Voted, to accept the above Report. —

The Committee appointed to attend to the printing of Quarantine regulations, Report that said regulations are Printed and ready to be Delivered to the Board —

Voted, To accept the Report & Ordered they be delivered as heretofore —

May 6th 1811 On Motion of Member from Ward No 6.

Ordered, That Mr Phillips (the Messenger) keep a book in which he shall minute all the Notifications by him delivered directing the removal of nuisances and of the time allowed for such removal, and that he visit the places at the expiration of the time, and report to the Secretary of the Board those who do not comply with the Orders given.

Agreeably to Vote at the last Meeting, the Visiting Physician made the following Communication

Gentlemen

Boston May 24th 1811

The Visiting Physician having Stated in a Report of the 11th Instant, that Joseph Higgins had been landed with the Small Pox on Hainsfords Island from the Schooner Perseverance from Baltimore, That the Disorder appeared on him on the 24th April. and that Oliver Goodwin the only person on board who had not had either that Disease or the Cow Pox after an Exposure of 12 Days, had been inoculated with this Matter; further States, to the Board that Good-

win

May 27th was with Higgins till the 2d day of May when he died. That the progress of his Inoculation was regular that at the time when the Small Pox symptoms might have been expected viz on the 8th Day from the Vaccination the complaints common to both Disorders occured but in a more aggravated Degree than usual and of longer continuance attended with an Eruption of Rash so as to occasion a suspicion that when this subsided a variolus Eruption might be seen; but on the Twelfth day all the complaints subsided & left no other Appearance than are commonly to be seen on Vaccinated Subjects; having recovered in the usual time he was discharged

It has been observed that the Symptoms upon occasion were much more violent than those which occur in the Cow Pox; but whether they arose from any Struggle in the Constitution, from the simultaneous operation of the Virus of both Diseases is not easy to determine; but it was agreable to witness the entire predominance of the last disease, so as to prevent the accession of that formidable Malady the Small Pox, to whose fatal Ravages he had been so greatly exposed, to which his unfortunate Shipmate had so lately fallen an unhappy Victom

I am Respectfully
Your Humble Servent
Thomas Welsh

Present Benjamin Whitman Esq President

Messrs Robinson, Ellis, Tuttle, Capen } { Sigourney, J Loring, Cotton, Dorr & Lovering

Voted, That the Committee on Mr Merriam's communication have further time (The committee not being present.)

The Committee to whom was referred the business of enquiring into the complaints made against Ebenezer Claflin & John Low funeral Undertakers, ask leave to report. That they have partially attended to the case of Mr Claflen but have been

July 1st 1811 disappointed in obtaining information from a source on which they calculated, ask further time. Voted that the Committee have further time

Ordered, That John Low Funeral Undertaker attend the Board at their next Meeting

The Committee to whom was refered the Communication of Mr Nathaniel Merriam respecting the undertakers of the Scavengers department, and the removal of the horses from the Market, have attended to the business to them assigned, and report that Mr Bridge has done his duty and that it will be in his power to keep his division of the Market clean as at any former period, and that Mr Badger will make such arrangements in his division, as this Board shall approve without further expence to the town ——

They likewise made enquiries respecting Horses standing round the Market House and are of opinion, it is not a nuisance of such nature as comes within the Control of this Board, but think that their removal would be of advantage, and convenience to the inhabitants, and those who frequent the Market for the sale of their meat Vegetables &c. They are therefore of opinion it would be advisable for this Board to recommend to the Board of Selectmen, to direct that the Horses that usually stand round the Market, be sent to the Towns Land on the Mill pond from the fifteenth day of June to the fifteenth of September, by which means the Market would be kept much cleaner and with less trouble ——

Voted, That the Chairman of the above committee, Mr Ellis make a communication of that part of the above report which respects the removal of Horses from the Market place to the Selectmen. ——

The Committee on Quarantine Quarrin Reported the following article

~~Resolved that the Letter Regulations Resolutions~~ ~~Regulations for the Board of Health Established~~

Article 1st Quarantine of Vessels

Section 1. On and after the 18th day of May next, a quarantine shall be had of all vessels their officers, crews, passengers, and cargoes, that come within the harbour of Boston, which are from or have touched at any port or place within the tropics, or from any of the West India Islands, or any port or place where contagious sickness doth, or hath recently prevailed—of all vessels on board of which any person shall have died of any disease, or been sick during their homeward voyage, excepting vessels coming from places beyond the Cape of Good Hope, where no contagious or malignant disease was known to be prevalent previous to their departure—or from the Islands of St. Helena or Ascension.

Sec. 2 The quarantine above directed, shall be had near Rainsford's Island, under the direction of the Visiting Physician, and other officers of this Board, and shall continue on every vessel which has had twenty-two, or a less number of days passage, until she shall have made up twenty-five days from the day she left her last port; and on each vessel which has had twenty three, or more days passage, seventy-two hours in addition to such passage. And on every vessel, on board which, during her homeward passage, any person shall have died (excepting from accident or casualty) the quarantine shall be extended to twenty five days from the last death.— And no vessel shall be considered as having commenced quarantine, until she shall have been anchored in her proper station on quarantine ground, as directed by the Visiting Physician or other officers of this Board.—

Sec. 3. The masters, officers, crews, and passengers of all vessels when on quarantine, shall be subject to the Regulations of this Board.

April 13th 1812

and such others as may be adopted by the Visiting Physician: — And the Master of each vessel shall be accountable for the appearance on board his vessel, at the time she shall be discharged from quarantine, of all and every person who arrived in her, or who may have been landed from her in any port of the United States, or put on board any other vessel, during her homeward bound voyage, cases of death excepted.

Sec. 4. In extraordinary cases the Committee of the Week, is authorized to direct the above periods of quarantine to be prolonged.

Sec. 5. Vessels not otherwise subject to quarantine, having only Small pox on board, may be discharged when ever the Visiting Physician shall consider them free from infection. —

Sec. 6. Every master of a vessel shall, within twenty-four hours after being discharged from quarantine, deliver at the Health Office in Faneuil Hall, the certificates and flags he shall have received from the Visiting Physician, or Island Keeper, and shall, on paying the sum of ten dollars receive a counter certificate from the Secretary of this Board, to entitle his vessel to entry at the Custom-house.

Sec. 7. When any vessel has been quarantined, examined, and attended, and the master is desirous of leaving the ground with his vessel for any other port, he shall, previous to his receiving his certificate of discharge, pay to the Visiting Physician the established fees.

Sec. 8. During the time a vessel shall be on quarantine, or application made to this Board to permit the unloading & conveyance to town of any Wine rum spirits, salt, sugar, molasses, mahogany, dye woods, tobacco, preserves or other fruits, and such other articles as shall be declared incapable of receiving or conveying infection, and when

April 13 1819 permission to unlade the same shall have been obtained from the Custom-house; it shall be lawful for the Committee of the Week to authorize the Visiting Physician of this Board to permit such articles to be unladen from any vessel on quarantine, and the same to be conveyed to town, by Lightermen duly licensed by this Board for that purpose.—And the Visiting Physician shall grant a certificate, to be deposited in the Health Office, for which twenty-five cents shall be paid. And the lightermen to be employed in the transportation of such uninfected articles, shall, when unemployed, be anchored off the south east part of Rainsford's Island; and the Lightermen employed therein, shall not be permitted to land in town, without the permission of the Visiting Physician

Article II.—Mediterranean Vessels.

Section 1. Every master of a Vessel who, on and after the 18th day of May next, until the further order of this Board, shall arrive from Gibraltar or any port or place within the Straits, shall carry and anchor his vessel on quarantine ground, where she shall be examined by the Visiting Physician, who may permit her to hale immediately, if it appears to him, that the public health will not be endangered thereby.—And the master of such vessel shall receive a counted certificate from the Secretary of this Board to entitle his vessel to entry at the Custom-house on his paying him the sum of five dollars.

Article III.—Vessels to be Reported.

Sec. 1. The Masters of all Vessels, which, on and after the 18th day of May next, shall arrive from any port or place not subject to quarantine, shall, previous to entry at the Custom-house, make report at the Health Office, in Faneuil Hall, of the state and condition of their

April 15th crews, passengers, and cargoes, and of all other circumstances which may concern the public health. If found to be from a port free of contagious disease, the Master of each vessel shall receive a Certificate to permit the entry of such vessel, at the Custom-house, for which 25 cents shall be paid; if otherwise, the vessel, crew, and passengers, shall be sent to Rainsfords Island, on quarantine.

Article IV.- Vessels from out-Ports

Sec. 1. Every vessel which shall arrive, and enter at any out port from any of the ports or places mentioned in the first Article of these regulations, and shall after-wards come to this port, shall be subject to quarantine, unless the master produce a correct certificate from the Board of Health, or Selectmen of such out port, that such vessel has been at least twenty-five days from such ports or places, that during that time no person has died, (excepting by accident or casually) or been sick on board; and that such vessel has been duly examined, and thoroughly purified, or cleansed.

Article V. Infected Vessels

Sec. 1. All vessels, from any port or place whatever, having, on their homeward passage, had one or more persons sick on board, shall, at all seasons of the year, be liable to perform quarantine, if in the opinion of the Visiting Physician, it shall be necessary.

Article VI. The Duty And Power of The Visiting Physician.

Sec. 1. It shall be the duty of the Visiting Physician of this Board to visit Rainsford's Island every day

April 13th 1812. when there are three or more vessels on quarantine; and, when
less than three, as often as the Committee of the Week shall pre-
scribe. He shall direct in what manner vessels are to be cleansed;
what articles shall be landed, washed, buried, or destroyed; —
He shall order the sick to be landed, if necessary; shall attend
all the sick at said Island, prescribe according to his best skill
and judgment to their relief; and find all medicine; He
shall be allowed to charge each sick person for such attendan-
ce, provided his charge does not exceed three dollars for com-
mon cases; but he may increase the charge for extraordinary cases
deemed such by the Committee of the Week; and he shall re-
port, at least once a week, the Number of such sick persons
under his care at the Island, the length of time they have
been confined there; and, when discharged, shall immedi-
ately present his account for attendance, to the Committee
of the Week, a record of which shall be entered on the Jour-
nal kept by that committee; He shall direct the pilots
where to anchor vessels; and they are hereby required to obey
his directions; He shall deliver to the Master of each vessel
arriving on quarantine, a copy of the quarantine Regula-
tions of this Board; He may establish rules and regulations
for the preservation of good order on the Island, and to pro-
mote the designs of quarantine, such rules and regulations
being under the control of this Board; He shall, from time
to time, report to the Committee of the Week, the state of
vessels on quarantine; — He shall grant a certificat of
discharge to each vessel having duly performed quarantine;
and generally, it shall be his duty to do, and perform all thin-
gs necessary to carry the Regulations of Quarantine
into complete effect.

April 15th 1812

Article VII. The Secretary's Quarantine Duty

Sec 1. The Secretary of this Board shall receive the Visiting Physician's certificates of discharge; shall give counter certificates to entitle such vessel to enter at the Custom-House; shall receive the fees required for such certificate, and all other fees, and the same pay to the Treasurer; He shall make the necessary enquiries of all Masters of Vessels reporting at this office; shall note the same; and shall receive and communicate at every meeting of this Board, the reports received from the Island

Article VIII. The Island Keeper's Duty

Sec. 1. The Island Keeper or his Assistants shall attend the purification of all vessels, clothing, bedding, persons, &c. at quarantine, agreeably to the direction of the Visiting Physician; shall board and attend the sick, and find nurses; and shall be allowed five dollars each week for the board and nursing each sick person at the Island; to be collected as the fees of the Visiting Physician are by law collected, or assumed; — And shall employ two persons to ply the Island boat, during the time a general quarantine is required; and shall communicate to the Health Office information of the arrival of vessels at the Island, as they occur; and of any event which may require the attendance of the Visiting Physician at the Island; shall carry supplies to vessels on quarantine, when delivered on board the boat, and shall be held to conform to all the directions of this Board in all matters respecting quarantine

Sec. 2. In the absence of the Visiting Physician, the

April 13th 1812

Island Keeper & his assistants are charged with the police of the Island, agreeably to the laws and rules thereof.

Article IX

No person, not on quarantine, shall be allowed to visit Rainsford's Island, during the time of quarantine, without producing a permit from the Secretary of this Board, for which 25 cents shall be paid for each person; but no certificate shall be valid, unless registered within 24 Hours from the date thereof. the same

viz- Ordered and directed, That the foregoing rules regulations, restrictions, qualifications and directions, shall Constitute the quarantine regulations of this Board, on all vessels & which shall arrive within the harbour of Boston, from any foreign place until the further order of this Board, and that the same be published in the Boston papers employed by this Board for general information. — by the Secretary under the Direction of the Chairman of the Committee on Quarantine —

Finance com' report

The Committee of finance, to whom was refered the subject of the Salaries of the Secretary, Visiting Physician Messenger, and Island Keeper, Chosen and appointed by this Board for the year ensuing — have attended that service, and ask leave to report, That in their opinion it would be expedient for the Board to pass the following Order

Ordered, That the Secretary of this Board, receive for his services, as Secretary, for the ensuing year, the sum of Seven Hundred & fifty Dollars, to be paid in quarterly payments and agreeable to law, and which sum is to be in full for said Services

April 13th 1812 That the visiting Physician of this Board, receive for his services, as visiting Physician of this Board for the ensuing year, the sum of One Thousand Dollars, to be paid in quarterly payments and agreeable to law, and which sum is to be in full for said Service —

That the Messenger of this Board, receive for his services as Messenger to this Board for the ensuing year the sum of Four Hundred Dollars, to be paid in quarterly payments; and agreeable to law, and which sum, is to be in full for said services —

That the Island Keeper, chosen and appointed by this Board, receive for his services, in that Office for the ensuing year, the sum of Three Hundred Dollars, to be paid in quarterly payments, and agreeable to law, and which sum is to be in full for said services —

And that he shall be allowed Twenty Dollars per Month for each able bodied suitable Boatman, employed in the service of this Board by their order, during the time of general Quarantine regulations, at Rumsford's Island, and for Boarding said Boatmen while employed as aforesaid, Twelve dollars per Month each —

Voted, to accept the Report of said Committe —

The Committee of Finance, to whom was referred the subject of the money necessary to be raised by the Town of Boston the current year, to defray the expences of the Board of Health, in the execution of their duties — have attended that service and ask leave to report — That in their Opinion it would be expedient for the Board to pass the following Order — viz

That the Secretary of this Board notify the Selectmen and Auditors of Accounts of the Town of Boston

April 13th 1812. Shal in the Opinion of the Board of Healt - it will be necessary for the Town of Boston to raise, by tax the sum of Seven Thousand Dollars, to meet the expences of the Board of Health, which will be incurred by said Board the current year, in the execution of their duties — And that said notice be given them by furnishing them with a Copy of this Order."

Voted, That the Secretary have further time to report respecting the order to contract with painters.

The Committe on the Scavenger department have carefully considered that subject and report —

The inconveniences resulting the year past, must be attributed to the want of sufficient labour proportionate to an increas'd population —

That the regulations of the year past by a division of the Town into two districts is in the Mind of the Committe the most practicable and beneficial — And recommend the same system — Contracting with One Person, as superintendent for each district, to be responsible in his district, for all the duties required, under the direction of the standing Committe for the Scavengers department — Their drivers to be able, discreet persons, Causing themselves to know, and be personally known, by the several Members of the board — and at all times subject to their Order, in special emergencys, and liable to be removed from their employment, when so requir'd, for Mal Conduct in the opinion of the Committe for the Scavengers department. —

which report was accepted —

Voted, That the Committee appointed to call on the Selectmen, to know if they, or the Town, have procured a place for the deposit of the filth of the town; have further time. —

April 13th 1812 The Committee on the Funeral Regulations reported in part and had further time allow'd them.—

Voted That John F. Newton, one of the Funeral Undertakers, have liberty to settle with the Administrator, on the Estate of the late Capt. Henry Caldwell of Charlestown, an extra bill for his funeral as they may agree—

Voted That Mr Josiah Snelling be appointed Superintendant of the North District for the Ensuing year—

Voted That the committee on the funeral Regulations be requested to take into consideration the Subject of appointing One Superintendant for the Middle & South districts—

Voted That the Secretary Take out the bonds for the Superintendants, under the Direction of the Committee, on the Scavengers department.

Voted That Mess[rs] Stephen & Philip Shayers Letter of 12 Inst be referred to the Committee on the Scavengers department

Voted That Mr Jeremiah Bridge be appointed Sole Superintendant of the Night Work, Emptying privies &c and that the Secretary publish the same as soon as may be.

H Bridge appointed Superintendant of Night Work

Voted That the Secretary enclose a bill of Mortality to the Academy of Arts & Sciences, The Massachusetts Medical Society & The Historical Society & Boston Athaneum

The Committee to whom was referred the Subject of the internal Health regulations, have attended that Service and ask leave to Report that in their Opinion it would be expedient, for the Board to Pass the following Order viz

In Board of Health Boston April 13th 1812

Ordered, That the following Rules and Regulation appear to this Board to be necessary, to remove and prevent

April 13 1812 Nuisances and sources of filth, in the Town of Boston, and the same Rules and Regulations are hereby ordered by said Board of Health to have effect, within the limits of said Town of Boston, and have the force of Law, from and after Wednesday, the twenty-second of April A.D. 1812.

House Dirt, &c

Article 1. No person or persons shall be allowed to throw, or bring into any street square, lane, or alley, any house) dirt, filth, or sweepings of any kind, or any decayed vegetable, or dead animal substance, between the first day of May and the first day of November, ensuing. But all such house dirt filth, sweepings, or vegetable, or animal substance, shall be deposited in such vessels as will not contain liquids, and kept in some convenient situation for the drivers of the Scavenger's carts to take away.

And no person shall be allowed to cast any dead animals, vegetable substances, or sweepings of any vessel, into any of the docks, the Mill-pond, or any other place between the channel and the shore; nor to land the same, or any foul and infected ballast, or other substance, on any Wharf, or landing place, within the town. And any dead animal thrown into the channel shall have a sufficient weight affixed to it, to prevent its floating to the shore.

Removal of Dirt &c

Art. 2 Whenever any quantity of dirt, sawdust, soot, shavings, animal or vegetable substance, or filth of any kind, shall be found in any cellar, yard, or other premises, or be thrown into any street, square, lane, or alley; the owner, or occupier of such cellar, yard, or other premises, where same

of the owner, or occupier of the premises from whence such dirt, soil-dust, &c. had been removed, shall cause the same to be carried away, at his, or her expense, within four hours after notification in writing, from this Board. — And all carts, or waggons, employed in the carting earth, clay, sand, or dirt of any kind, shall have and use good and sufficient fore and hind boards, and other-ways sufficiently tight to prevent the said earth, sand, clay, or dirt, from dropping on the streets through which they may pass

Waste Water

Art. 3. The owners, or occupiers of Houses, buildings, or lands shall cause all waste water from their premises to be conveyed from their cellars, yards, sinks, pumps, and vacant lands through drains under ground to common sewers; or to such reservoirs, sunk under ground to receive the same, as a committee of this Board shall approbate. —

Vaults, Privies, &c

Art. 4. The owners of vaults or privies, and the occupiers of the house or houses, store or stores, to which they belong or are attached shall not permit the contents of such vaults, or privies, to rise within two feet of the surface of the earth; and if such contents are found within two feet of such surface, the owner or owners, occupier or occupiers, will be prosecuted without further previous notice. And no vault, or privy, shall be emptied between the first day of June and the first day of November, without a permit from this Board, and by persons authorized for that purpose.

Stables, and Stable Manure.

Art. 5. The owners or occupiers of livery and other stables, shall not permit more than two cart loads of manure

April 13th 1812.

to accumulate and remain in or near their stables, at any one time, between the first day of May and the first day of November and shall keep their stables and stable yards clean and decent.

Market Stalls.

Art. 6. Persons occupying stalls in Faneuil Hall, Boylston or Parkman's market houses, or the Market-place, and Dock-Square, shall daily, in the morning, during the Months of June, July, August, September, and October, wash or cleanse their respective stalls. They shall not permit any heads, feet, or offals of dead animals, or vegetables of any kind, to remain near about their stalls, over night. They shall take up, and remove the platforms of their respective stalls, on the first day of June, and shall not replace them untill the first day of November ensuing; during which period, meats of any kind shall not be exposed in the Markets, or any other place within the town, excepting in stalls, carts, or other vehicles, which shall be covered from the rays of the sun; nor expose for sale any mutton or lamb, with the feet on the same.

Damaged Grain, Rice, and Coffee.

Art. 7. No person shall be allowed to land, on any wharf or put on shore, from any boat or vessel, or bring into town by land, any damaged grain, rice, or coffee, between the 10th of May and the 10th of November next, without a permit from this Board.

Swine and Goats

Art. 8. Swine and goats shall not be kept within the limits of the town by any person, without a license from this Board, and such person giving bond to keep such swine or goats clean, and confined in situations which will not be offensive to the neighbourhood.

April 15th 1812

Fresh Fish

Art. 9. All Fish, before brought into this town, shall have been first gutted, and the fish made clean. Fresh Fish (excepting such as are named in the succeeding article) shall not be offered for sale between the 1st day of May, and the 15th day of October, unless kept in covered stalls, fish boxes, or other houses, situated over the salt water: — And fresh fish offered for sale in the streets before the 1st day of May, and after the 15th day of October, shall be kept clean in covered carts, barrows, &c.

Salmon and Small Fish.

Art. 10. Salmon, Shad, Bass, Mackarel, Tautogs, Eels, Flounders, Tomcods, Smelts, and other small fish, may be sold at all times, in any part of the town, provided they be kept secure from the rays of the sun; but every person shall be held responsible for any nuisance created thereby. Provided, however, that Salmon and Bass, brought to town by sea, may be sold, and landed therein, when cleansed of their entrails; which entrails are to be kept on board in light vessels, and removed beyond low water mark at every time of high water. And that no person take a stand in or near the Faneuil Hall Market, for the sale of such fish as are allowed by this article, but at the north side of said market-house, at the place provided by the Clerk of said market for that purpose.

Oysters and Lobsters.

Art. 11. Oysters shall not be offered for sale within the limits of the town, between the 8th day of July, and the 1st day of September. Lobsters shall not be exhibited for sale, in any place excepting on the several Bridges

April 13 1812 Wharves, Ferryways, and at the Boylston Market, and Faneuil's Market, and Town Dock; and persons selling them there will be answerable for any nuisance occasioned thereby.

Feathers, Rags, &c.

Art. 12. Feathers, old or new, shall not be landed, or brought within the limits of the town, between the 1st day of May and the 1st day of November, without a permit from this office, after a previous examination by the person authorized by this Board. And feather, and other beds, bedding, clothing, or rags, shall not be landed, or brought into this town from any place where any contagious disease doth, or hath recently prevailed, unless by special permission of this Board.

These Regulations, in addition to those enumerated by the Act empowering the Town of Boston to choose a Board of Health, being essential to the preservation of the health of the Town, it is the determination of the Board of Health most rigidly to enforce their execution, and to prosecute all violaters — And, as heavy penalties are by law attached to the breach of any or either of them, the said Board request their Constituents to cause these Regulations to be made known to all persons under their direction, and need to their Domestics; and also to assist the Board in their due execution. — Complaints of any breaches thereof, or any neglect or inattention, in any Person employed or licensed by the Board, are solicited; and those who complain may rely on all proper secrecy

The Visiting Physician pursuant to the Vote of the 29th of June presents the following Report, Viz. "that in Order that the Board may more perfectly be informed of the State of the Island at the time of the Special Meeting of the Board the twenty third of June past, when the following Order was passed by them viz

"Ordered, That all Vessels now on, or that hereafter shall be on Quarantine Ground, under the Quarantine Regulations of this Board; (in case of any well apprehended danger from Vessels by an Enemy, during the Existence of War; every such Vessel having first been visited by the Physician of this Board & by him found to be so far free from any contagious Sickness, as that she may approach nearer the Town, with out any Danger to the Inhabitants, shall be permitted to change her Quarantine Ground and Anchor at the place called

July 6th 1812

President's Road, near Fort Independence & there remain under the Quarantine Regulations of this Board, and all concerned shall govern themselves accordingly."

States, that, At the date of this Order the following Vessels were on Quarantine viz The Brig Manchester from Africa. The Mercury from Havana (Peregrine Paddock, the former Master, having died in Havana). The Brig Curlew Josiah Lewis from Havana. The Swiss American William York from Ditto. Joseph Blackstone had died 31st May — Schooner Eagle Joshua Gordon from Ditto. Theoph Litchfield, Landed sick, & died the 23 June —

The Island Keeper was informed of the foregoing Order and instructed Accordingly. At this time James Harding landed with the Small Pox & Andrew Nelson landed 7th June were both sick in the Hospital. He now informs the Board, that all of the above Vessels with others, which have arrived since, have performed their quarantine & have been discharged without any necessity of shifting their Anchor Ground, and here the Physician takes occasion to state, that he perceives, that one of the Gun Boats has taken a Station below the Quarantine Ground. The Board are respectfully requested to inspect the Reports made by the Visiting Physician now on File, by which it will appear, that James Harding landed with the Small Pox April 25. has been, as he thinks unavoidably detained in the Hospital in consequence of his being afflicted with Boils and and large Scabs in his Neck Face & Legs so as to render it improper if not Dangerous to the Public to discharge him hitherto, but may soon be discharged. —

And that Andrew Nelson landed sick from the

July 6th 1812 Havanna with the Yellow Fever, which terminated in large stores, 23 in Number, but which are now reduced to three, & may probably be discharged in a few Days,— And as two of the Members of the Quarantie Committee on the first Day of the present Month, had an opportunity on their visit to the Island, to know the foregoing facts, takes leave to refer the Board to them on the occasion all which is respectfully submitted

That they have attended the duty imposed on them by this Board respecting bad Cheese as far as circumstances would permit. They have written Dr Brooks an answer to his communication, informing him of the order the Board had taken upon it, and informed him, that should any

further discoveries be made of sufficient importance they would write him again on the subject —

They have also ascertained that the Cheese sold Harrington was made in the Dairy of Henry Semmiman Esq^r of New Braintree — that some few instances have before occurred of similar Cheese having been sent from the above Dairy and two others in that town — We also are informed by William Tidd that the Board of Health in Salem rec^d your Letter before he left that place, and that he was called before them and answered their enquiries, and that having sold his Cheese, he made provision with a D^r to take back and pay for any which should be returned as bad — and that this measure appeared satisfactory to the Board at Salem — * Tidd further states that Mr Semmiman is at this season of the year, in the constant habit of making two Cheeses each day, one at morning & one at evening — which would seem to furnish evidence that the difficulty did not proceed from keeping milk too long; and it is hard to suppose that a family as careful and cleanly as that of Mr Semmimans is, known to be, by some of this Committee should suffer the Vessels used in making Cheese to be so foul as to occasion this evil, and as no extraneous colouring appears to attach to the Cheese in question it is highly improbable that this can be the Source of evil complained of. — These being some of the causes which would naturally suggest themselves to inquirers into this perplexed affair, and no satisfactory evidence would warrant your Committee that either of these is the real cause, they would recommend that a Committee be appointed, who shall be authorised to write to several persons who have been known to offer Cheese of similar quality in our market, and request them to have their several

pastures carefully searched in order to ascertain whether any poisonous plant, herb, or shrub may not be found growing on said land, which is probably eaten by the Cow, and thus the evil communicated to the Cheese.— and also to inform them that if similar complaints are made, this Board will feel itself under a necessity, to caution the Public against purchasing Cheese from those contaminated Dairies.. a charge against the United States for the use of the Island Boat & Boatmen Reported they had not, That the Visiting Physician would make a report on the subject

Boston Oct. 6. 1812.

The Visiting Physician having reported the State of the Island in the Book of the Committee of the Week on the 7[th] 14[th] 21 and 28[th] September would have presented a Report in person on the 5[th] Instant to the Board at their Meeting but was prevented by a professional Call out of Town, which could not be repeased. —

He now informes the Board that in the Week which began on the 28[th] of September, the sick recovered rapidly, and from appearances it seemed probable they would be discharged before the Meeting of the Board, he therefore mentioned it to such Gentlemen of the Board as he fell in with and requested them to consider whither the Board would expect any Compensation, and if any what for the use of the Island or the Boat. And finding on Thursday the 1[st] of October being confirmed in the Opinion from the Movements that the Fleet would sail in a few Days, requested Mr Sigourney (not being then able to see Mr Ellis the Chairman of the Committee) to consult them upon the Subject. —

On Saturday 3 of October having discharged on the 1[st] 2 all the Sick except 10 Men belonging to the Congress finding the Fleet ready and being told that Morning by Commodore Decatur that he should expect all accounts which depended on his signature would be presented that day, the Visiting Physician called on the Secretary to find whether there had been any Directions from the Committee as to the Charges, who informed him that Mr Sigourney had been in the Office and had left his Opinion to be communicated that the Board would not expect any Compensation for the use of the Island or the Boat but that the Island Keeper the Boatmen and the Physician

might make such an Agreement with the Commodore as might be mutually satisfactory, but that it would be expected that all Damages should be made good. It being very stormy & no hopes remaining of having any further advice from the Committee, the following Acct was made out and presented — viz. For the Island Keepers Service 26 Days at 3$ 78.
For 3 Boatmen 23 Days at 1$ ½ Day each 69.
The Visiting Physician for 137 Men at 38 Cts 411.
all of which were allowed but that of the Island Keeper
On Friday 2d October — He was requested to take an Account of the Damages done and hand it to the V. Physician the next Day, but the Storm was so violent it could not be procured in season, but was afterwards shewn to the Navy agent, who agreed to replace all the Articles mentioned which were as follows Viz, 9 Panes of Glass broken 5 Benches Ditto 1 Iron Pot Do 2. 2 Qt Tin Sauce pans, 1 Pewter Bed pan, One Pair Sheets, 1 Blanket. 1 pillow of 3 lb Feathers —
On Monday the 5th October the 10 Men belonging to the Congress were discharged, which compleated the Discharge of all who had been landed from the Fleet. Michael Nolen being the only one who Died, which was on the 12 Sept —

All which is respectfully submitted

Article 1st Quarantine of Vessels.

Section 1. On and after the 24th day of May next, a quarantine shall be had of all vessels, their officers, crews, passengers and cargoes, that come within the harbour of Boston, which are from, or have touched at any port or place within the tropics, or from any of the West India Islands, or any port or place where contagious sickness doth, or hath recently prevailed—of all vessels on board of which any person shall have died of any disease, or been sick during their

April 16th 1813

homeward passage, excepting vessels coming from places beyond the Cape of Good Hope, where no contagious or malignant disease was known to be prevalent previous to their departure or from the islands of St. Helena or Ascension

Section 2. The quarantine above directed, shall be had near Rainfords Island, under the direction of the Visiting Physician, and other officers of this Board; and shall continue on every vessel which has had twenty-two, or a less number of days passage, until she shall have made up twenty-five days from the day she left her last port; and on each vessel which has had twenty three, or more days passage seventy-two hours in addition to such passage. And on every vessel, on board which, during her homeward passage, any person shall have died (excepting from accident or casualty) the quarantine shall be extended to 25 days from the last death. — And no vessel shall be considered as having commenced quarantine, until she shall have been anchored in her proper station on quarantine ground, as directed by the Visiting Physician, or other officers of this Board.

Sec. 3. The masters, officers, crews, and passengers of all vessels, when on quarantine, shall be subject to the Regulations of this Board, and such others as may be adopted by the Visiting Physician: — And the master of each vessel shall be accountable for the appearance on board his vessel, at the time she shall be discharged from quarantine, of all and every person who may have been landed from her in any port of the United States, or put on board any other vessel, during her homeward passage, cases of death excepted. —

Sec. 4. In extraordinary cases, the Committee of the Week is authorized to direct the above periods of quarantine to be prolonged. —

Sec. 5. Vessels not otherwise subject to quarantine, having only small pox on board, may be discharged whenever the Visiting Physician shall consider them free from infection.

April 16th 1813

Sec. 6. Every master of a vessel shall, within twenty-four hours after being discharged from quarantine, deliver at the Health Office in Faneuil Hall, the certificates and flags he shall have received from the Visiting Physician, or Island Keeper, and shall, on paying the sum of ten dollars, receive a counter certificate from the Secretary of this Board, to entitle his vessel to entry at the Custom-House.

Sec. 7. When any vessel has been quarantined, examined, and attended, and the master is desirous of leaving the ground, with his vessel, for any other port, he shall, previous to his receiving his certificate of discharge, pay to the Visiting Physician the established fees.

Sec. 8. During the time a vessel shall be on quarantine, on application made to this Board to permit the unlading & conveyance to town of any wine, rum, spirits, salt, sugar, molasses, mahogany, dye-woods, tobacco, preserved or other fruits, and such other articles as shall be declared incapable of receiving or conveying infection, and when permission to unlade the same shall have been obtained from the Custom House; it shall be lawful for the Committee of the Week to authorize the Visiting Physician of this Board, to permit such articles to be unladen from any vessel on quarantine, and the same to be conveyed to town, by Lightermen duly licensed by this Board for that purpose and the Visiting Physician shall grant a certificate thereof, to be deposited in the Health Office, for which twenty-five cents shall be paid: and the lighters to be employed in the transportation of such uninfected articles, shall, when unemployed be anchored off the south east part of Rainsford's Island; and the Lightermen employed therein shall not be permitted to land in town, without the permission of the Visiting Physician.

Article II.—Mediterranean Vessels.

Section 1. Every master of a vessel who, on and after the 24th day of May next, until the further order of this Board.

April 16th 1813

shall arrive from Gibraltar, or any port or place within the Streights, shall carry and anchor his Vessel on quarantine ground, where she shall be examined by the Visiting Physician, who may permit her to pass immediately, if it appears to him that the public health will not be endangered thereby— And the master of such vessel shall receive a counter certificate from the Secretary of this Board, to entitle his vessel to entry at the Custom-house, on his paying him the sum of five dollars.

Article III.- Vessels To Be Reported

Sec. 1. The masters of all vessels, which, on and after the 24th day of May next, shall arrive from any port or place not subject to quarantine, shall, previous to entry at the Custom-house, make report at the Health Office, in Faneuil Hall, of the state and condition of their crews, passengers, and cargoes, and of all other circumstances which may concern the public health. If found to be from a port free of contagious disease, the master of each vessel shall receive a certificate to permit the entry of such vessel, at the Custom-house, for which 25 cents shall be paid; if otherwise, the vessel, crew, and passengers, shall be sent to Rainsford's Island, on quarantine.

Article IV.- Vessels from out-ports

Sec. 1 Every vessel which shall arrive, and enter at any out port from any of the ports or places mentioned in the first article of these regulations, and shall afterwards come to this port, shall be subject to quarantine, unless the master produces a correct certificate from the Board of Health, or Selectmen of such out port, that such vessel has been at least twenty-five days from such ports or places, that during that time no person has died, (excepting by accident or casualty) or been sick on board; and that such vessel has been duly examined, and thoroughly fumigated, or cleansed

Article V.- Infected Vessels

Sec. 1. All vessels, from any port or place whatever

April 16th 1813 hearing on their homeward passage, had one or more Persons sick on board, shall, at all seasons of the year, be liable to perform quarantine, if, in the opinion of the Visiting Physician, it shall be necessary.—

In Board of Health Boston April 19th 1813

Ordered, That the following Rules and Regulations appear to this Board to be necessary, to remove and prevent Nuisances and Sources of filth, in the Town of Boston, and the same Rules and Regulations are hereby ordered by said Board of Health to have effect within the limits of said Town of Boston, and have the force of law, from and after Wednesday, the twenty Eighth of April A.D. 1813. —

House Dirt &c

Article 1. No person or persons shall be allowed to throw or bring into any street, square, lane, or alley, any house dirt, filth, or sweepings of any kind, or any decayed vegetable, or dead animal substance, between the first day of May, and the first day of November, ensuing. But all such house dirt, filth, sweepings, or vegetable, or animal substance, shall be deposited in such vessels as will not contain liquids, and kept in some convenient situation for the drivers of the Scavenger's carts to take away.

And no person shall be allowed to cast any dead animals, vegetable substances, or sweepings of any vessel, into any of the docks, the Mill-pond, or any other place between the channel and the shore; nor to land the same, or any foul and infected ballast, or other substance, on any wharf, or landing place, within the town. And any dead animal thrown into the channel shall have a sufficient weight affixed to it, to prevent its floating to the shore. —

Removal of Dirt &c

Art. 2. Whenever any quantity of dirt, sawdust, soot, shavings, straw, animal or vegetable substance, or filth of any kind, shall be found in any cellar, yard, or other premises, or be thrown into any street, square lane, or alley; the owner, or occupier of such cellar, yard, or other premises where found; or the owner, or occupier of the premises from whence such dirt, saw-dust, &c. had been removed, shall cause the same to be carried away, at his, or her expense, within four hours after notification, in writing, from this Board. — And all carts, or waggons, employed in the carting earth, clay, sand, or dirt of any kind, shall have and use good and sufficient fore & hind

boards, and otherwise sufficiently tight to prevent the said earth, sand, clay, or dirt, from dropping in the streets through which they may pass

Waste Water

Art. 3. The owners, or occupiers of houses, buildings, or lands, shall cause all waste water from their premises to be conveyed from their cellars, yards, sinks, pumps, and vacant lands, through drains under ground to common sewers; or to such reservoirs, sunk under ground to receive the same, as a committee of this Board shall approve.

Vaults, Privies &c

Art. 4. The owners of vaults or privies, and the occupiers of the house or houses, store or stores, to which they belong, or are attached, shall not permit the contents of such vaults, or privies, to rise within two feet of the surface of the earth; and if such contents are found within two feet of such surface, the owner or owners, occupier or occupiers, will be prosecuted without further, previous notice. And no vault, or privy, shall be emptied, without a permit from this Board, and by persons authorized for that purpose.

Stables, and Stable Manure.

Art. 5. The owners or occupiers of livery and other stables, shall not permit more than two cart loads of manure to accumulate and remain in or near their stables, at any one time, between the first day of May and the first day of November - and shall keep their stables and stable yards clean and decent.

Market Stalls

Art. 6. Persons occupying stalls in Faneuil Hall, Boylston, or Parkman's market-houses, or the Market-place, and Dock-square, shall daily, in the morning, during the months of June, July, August, September, and October, wash or cleanse their respective stalls— They shall not permit any heads, feet, or offals of dead animals, or vegetables of any kind, to remain in or about their stalls, over night— They shall take up, and remove the platforms of their respective stalls, on the first day of June, and shall not replace them until the first day of November ensuing; during which period, meats of any kind shall not be exposed in the markets or any other place within the town, excepting in stalls, carts, or other vehicles, which shall be covered from the rays of the sun; nor expose for sale any mutton or lamb, with the feet on the same.

Damaged Grain, Rice, and Coffee.

Art 7. No person shall be allowed to land on any wharf, or put on shore, from any boat or vessel, or bring into town by land, any damaged grain, rice, or coffee, between the 10th of May and 10th of November next, without a permit from this Board.

Swine and Goats.

Art. 8. Swine and goats shall not be kept within the limits of the town by any person without a license from this Board, and such person giving bond to keep such swine or goats clean, and confined in situations which will not be offensive to the neighbourhood.

Fresh Fish

Art. 9. All Fish, before brought into this town, shall have been first gutted, and the fish made clean.

April 19th 1815 — Fresh Fish, (excepting such as are named in the succeeding article) shall not be offered for sale between the 1st day of May, and the 15th day of October, unless kept in covered stalls, fish boxes, or other houses, situated over the salt water: — And fresh fish offered for sale in the streets before the 1st day of May, and after the 15th day of October, shall be kept clean in covered carts, barrows, &c.

Salmon and small Fish

Art. 10. Salmon, Shad, Bass, Mackarel, Sautoine, Eels, Flounders, Tomcods, Smelts, and other small fish, may be sold at all times, in any part of the town, provided they be kept secure from the rays of the sun; but venders thereof will be held responsible for any nuisance created thereby. Provided, however, that Salmon and Bass, brought to town by sea, may be sold, and landed therein, when cleansed of their entrails; which entrails are to be kept on board, in tight vessels, and removed beyond low water mark at every time of high water — And that no person take a stand in or near the Faneuil Hall market, for the sale of such fish as are allowed by this article, but at the north side of said market-house at the place provided by the Clerk of said market for that purpose.

Oysters and Lobsters

Art. 11. Oysters shall not be offered for sale within the limits of the town, between the 8th day of July, and the 1st day of September. Lobsters shall not be exhibited for sale in any place excepting on the several Bridges, Wharves, Ferryways, and at Boylston Market, and Faneuil's Market, and Town Dock; and persons selling them

April 19th 1813 there will be answerable for any nuisance occasioned thereby.

Feathers, Rags, &c.

Art. 12. Feathers, old or new, shall not be landed, or brought within the limits of the town, between the 1st day of May and the 1st day of November, without a permit from this office, after a previous examination by the person authorized by this Board— And feather, and other beds bedding, clothing, or rags, shall not be landed, or brought into this town from any place where any contagious disease doth, or hath recently prevailed, unless by special permission of this Board.

These Regulations, in addition to those enumerated by the Act empowering the Town of Boston to choose a Board of Health: being essential to the preservation of the health of the Town, it is the determination of the Board of Health most rigidly to enforce their execution,— And, as heavy penalties are by law attached to the breach of any or either of them. the said Board request their Constituents to cause these Regulations to be made known to all persons under their direction, and read to their domestics; and also to assist the Board in their due execution.— Complaints of any breaches thereof, or any neglect or inattention, in any person employed or licensed by the Board, are solicited; and those who complain may rely on all proper secrecy.

been improved, as a Hospital, and place of purification from contageous diseases, at which place, Vessels having infected persons or goods on board, or in a situation liable to endanger the health or lives of the people of this Commonwealth arriveing from any part of the world, are liable by law to be sent, for examination, safe keeping and purification— The Committee further report that the Buildings on said Island, and the Wharves, are now in a good State of repair, and also the Boat Strimmer and appertenances the property of the Commonwealth, and which is used at said Island for the purpose aforesaid, is now in good repair, That the expence of keeping said Island, Buildings and appertenances and boat in repair has always been born, by said Commonwealth, in order, to carry into full effect the benevolent and necessary purpose of said establishment— and in addition to the aforesaid expences, the Commonwealth have, as the same become necessary, furnished Certain Articles, and Wood, for the use of the Island Keeper, who resided on said Island, to assist in carrying into effect, the purpose of said benevolent establishment— the remainder of the expences attending said establishment, and the execution of the regulations respecting said establishment, have been born by the Town of Boston—

Also the Articles now in the keeping of the Island keeper on said Island, contained in the Schedule hereunto annexed marked A are the property of the Commonwealth, and those contained in the Schedule Marked B, hereunto annexed are the property of the Board of Health of the Town of Boston— The said Committee further report— That said Island has of late years suffered great injury, by the continual washing away of the bank on the east end of said Island, and unless the same should be immediately repaired, and the further in-roads of the sea, on said Island prevented, the said Island will be wholy destroyed, and the Commonwealth and publick at large, loose the great advantages derive

from said benevolent and necessary establishment mentioned in this report, and the State, be deprived of so much valuable property— Wherefore this Committee recommend, that a respectfull Memorial, in behalf of this Board, be presented to the Legislature at their next Session, Stateing the substance of this report, and praying said Legislature to attend to this subject so connected with the interest of the State, and the safety and happiness of the people—

All which is respectfully submitted

Benjamin Whitman Chairman

The Committee also Reported the following Memorial viz

To the Honble the Senate, and House of Representatives in General Court Assembled—

The Board of Health of the Town of Boston, Most respectfully represent—

That, from a report made to their Board, on the third day of January instant, by a Committee of said Board, on the subject of Rainsford's or Hospital Island, and the establishment relating to the same a copy whereof is hereunto annexed, it is most manifest, that it would be for the interest of this Commonwealth, that immediate attention should be had to the same, and the increasing injury to said Island, from the distruction made to the same by the ravages of the sea, prevented, if possible, so that the interest which the Commonwealth has in said Island, and the Necessary and benevolent establishment relating to the same may be preserved—

Wherefore this Board pray your Honours to take this subject into your wise Consideration, and make such provision by Law, respecting the same, as will secure the interes of the publick, the safety and happiness of the people

January 3 1815

and will comport with the sound policy & wise Government

All which is respectfully submitted, by Order of the Board of Health of the Town of Boston ——

The Committee on Quarantine are Messrs Bean & Loring & Mr Stanwood

The Committee to whom was refered the subject of the Quarantine Regulations have attended to the duties assigned them ask leave to report the inclosed, which they recommend to be adopted as the Quarantine Regulations for the ensuing year. The same having been read & Examined it was Voted to accept the committees report and then Ordered and Directed, That the following Rules, Regulations, Restrictions, Qualifications and Directions, shall constitute the Quarantine Regulations of this Board, on all Vessels, &c. which shall arrive within the Harbour of Boston, from any port or place, until the further order of this Board; and that the same be published in the Newspapers employed by this Board, for general information, viz. —

Article 1. Quarantine of Vessels.

Section 1. On and after the 16th day of May next, a quarantine shall be had of all vessels, their officers, crews, passengers, and cargoes that come within the harbour of Boston, which are from, or have touched at any port or place within the tropics, or from any of the West India Islands, or any port or place where contagious sickness doth, or hath recently prevailed — & all vessels on board of which any person shall have died of any disease, or been sick during their homward passage excepting vessels coming from places beyond the Cape of Good Hope, where no contagious or malignant disease was known to be prevalent previous to their departure — or from the islands of St Helena or Ascension.

April 18 Section 2. The quarantine above directed, shall be had near Rainsford's Island, under the direction of the Visiting Physician, and other officers of this Board; and shall continue on every vessel which has had twenty-two, or a less number of days passage, until she shall have made up twenty five days from the day she left her last port; and on each vessel which has had twenty three, or more day passage seventy-two hours in addition to such passage. And on every vessel, on board which, during her homeward passage, any person shall have died (excepting from accident or casualty) the quarantine shall be extended to 25 days from the last death. — And no vessel shall be considered as having commenced quarantine, until she shall have been anchored in her proper station on quarantine ground, as directed by the Visiting Physician, or other officers of this Boa.

Section 3. The masters, officers, and passengers of all vessels, when on quarantine, shall be subject to the Regulations of this Board, and such others as may be adopted by the Visiting Physician. And the master of each vessel shall be accountable for the appearance on board his vessel, at the time she shall be discharged from quarantine, of all and every person who arrived in her in any port of the United States, or put on board any other vessel, during her homeward passage, cases of death excepted.

Section 4. In extraordinary cases, the Committee of the Week is authorized to direct the above periods of quarantine to be prolonged.

Section 5. Vessels not otherwise subject to quarantine, having only a Faneuil Hall on board, may be discharged whenever the Visiting Physician shall consider them free from infection.

Section 6. Every master of a vessel shall, within twenty four hours after being discharged from quarantine, deliver at the Health Office in Faneuil Hall, the certificates and flags he shall have received from the Visiting Physician, or Island Keeper; and shall on paying the sum of ten dollars, receive a counter certificate from the Secretary of this Board, to entitle his Vessel to entry at the Custom-house.

1816
April 18th

Section 7. When any vessel has been quarantined, examined and attended, and the master is desirous of leaving the ground with his vessel, for any other port, he shall, previous to his receiving his certificate of discharge, pay to the Visiting Physician the established fees.

Section 8. During the time a Vessel shall be on quarantine, on application made to this Board, to permit the unloading and conveyance to town to town of any wine, rum, spirits, salt, sugar, molasses, madeiras, dye-woods, tobacco, preserved or other fruits, and such other articles as shall be declared incapable of receiving or conveying infection, and when permission to unlade the same shall have been obtained from the Custom House; it shall be caused for the Committee for the Week to authorize the Visiting Physician of this Board to permit such articles to be unladen from any vessel on quarantine, and the same to be conveyed to town, by Lightermen duly licensed by this Board for that purpose. — And the Visiting Physician shall grant a certificate thereof, to be deposited in the Health Office . . . . . for which twenty-five cents shall be paid. — And the lighters to be employed in the transportation of such uninfected articles, shall, when unemployed, be anchored off the south east part of Rainsford's Island; and the Lightermen employed therein, shall not be permitted to land in town, without the permission of the Visiting Physician.

Article 11. Mediterranean Vessels.

Section 1. Every master of a Vessel who, on and after the the 16th day of May next, until the further order of this Board shall arrive from Gibraltar or any port or place within the Straights, shall carry and anchor his vessell on quarantine ground where she shall be examined by the Visiting Physician, who may permit her to haul immediately, if it appears to him that the public health will not be endangered thereby — And the master of such vessel shall receive a counter certificate from the Secretary of this Board, to entitle his vessel to entry at the Custom-house, on his paying him the sum of five Dollars. —

1811,
April 18th

Article III.- Vessels to be Reported

Sec 1. The masters of all vessels, which, on and after the 16th day of May next, shall arrive from any port or place not subject to quarantine, shall, previous to entry at the Custom House, make report at the Health Office, in Faneuil-Hall, of the state and condition of their crews, passengers, and cargoes, and of all other circumstances which may concern the public health, & if found to be from ports free of contagious disease, the Master of each vessel shall receive a certificate to permit the entry of such vessel, at the Custom house, for which 25 cents shall be paid; if otherwise, the vessel, crew, and passengers, shall be sent to Rainsford's Island, or Quarantine.

Article IV.- Vessels from out Ports.

Sec. 1. Every vessel which shall arive, and enter at any out port from any of the ports or places mentioned in the first article of these regulations, and shall afterwards come to this port, shall be subject to quarantine, unless the Master produces a correct certificat from the Board of Health or Selectmen of such out port, that such vessel has been at least twenty-five days from such ports or places, that during that time no person has died, (excepting by accident or casualty) or been sick on board; and that such vessel has been duly examined, and thoroughly purified, or cleansed.

Article V. Infected Vessels

Col Robinson who with Mr Dorr was appointed a committee to make inquiry respecting the Funeral accustations of the Board being set at defiance by Mr Joshua Ellis & a Mr Green, Reported, Verbally that he had ordered their attendance, on the committee at two different times for that purpose, but not having been able to get all the parties together he had again requested Mr Ellis & Green to attend the Board this

August 29 afternoon Mr Bacon was in waiting. Mr Green having been called in, gave as his reason for not paying all his bill that he could not find any such fee as 50 Cents, as the Superintendant had charged upon examination. This appeared to be founded in error of the Superintendant, he having charged but 50 Cents in stead of 75. It was then voted that the Superintendant correct the bill agreable to the regulations. & present to Mr Bacon for payment. It also appeared that Mr Ellis's reason for not paying one of the Superintendants fees, was for want of information, evidence appearing and saying that the Superintendant attended to his duty.

Burial Ground Committee — Col Robinson's Report Respecting Corn-House &c

The Committee to whom was referred the subject of safe keeping the Cars, generally, as well as the expediency of a permanent building for their reception, have attended that duty & report —

That one of three Cars the property of the Town is kept in a Commodious House built for the purpose situated on the North Burial Ground. The remaining two are lodged in an Old decayed Stable, situated in Elliot Street on hire at supposed rent at least one Dollar pr Week, they are much exposed to wind & weather, subject to mould & rott, and very inconvenient in other particulars, as well as waste of property — under these considerations your Committee recommend ..... the immediate building of a substantial House for their future safe Keeping —

Your Committee further report — That they have examined the several ..... Burial Grounds, as well as other sites for a permanent Building spot — and

Adjourned to next Saturday 30th

1815
April 15th At a Meeting of the Board of Health this Day

Present Benjamin Whitman Esq. President

Messrs Robinson, Boardman, Setterson, Loring, Breck — Otis, Loring, Bradlee, Jackson, Bass

The Committee to whom was referred, the subject of the Internal Health regulations — have attended to that service and ask leave to report That in their Opinion it will be expedient for the Board of Health to adopt the annexed Order Rules, and regulations viz

In Board of Health — Boston April 15th 1815

Ordered That the following Rules and Regulations, appear to this Board to be necessary, to remove and prevent Nuisances and sources of Filth, in the Town of Boston, and the same Rules and Regulations are hereby ordered by said Board of Health to have effect, within the limits of said town of Boston, and have the force of law, from and after Monday the Twenty fourth day of April in the Year of our Lord Eighteen hundred and fifteen —

House Dirt, &c

Article 1. No person or persons shall be allowed to throw or bring into any street, square, lane, or alley any, house dirt, filth, or sweepings of any kind, or any decayed vegetable, or dead animal substance. But all such house dirt, filth, sweepings, or vegetable, or animal substance; shall be deposited in such vessels as will not contain liquids, and kept in some convenient situation for the drivers of the Scavengers carts to take away. And no person shall be allowed to cast any dead animals, vegetable substances or sweepings of any vessel, into any of the docks, the Millpond, or any other place between

April 15th the channel and the shore; not to land the same, or any foul and infected ballast, or other substance, on any wharf, or landing place, within the town. And any dead animal thrown into the channel shall have a sufficient weight affixed to it, to prevent its floating to the shore.

Removal of Dirt, &c

Art. 2. Whereas any quantity of dirt, saw dust, soot, shavings, steam, animal or vegitable substance, or filth of any kind, shall be found in any cellar, yard, or other premises, or be thrown into any street, square, lane, or alley; the owner, or occupier of such cellar, yard, or other premises, where found; or the owner, or occupier of the premises, from whence such dirt, saw dust, &c had been removed, shall cause the same to be carried away at his, or her expense, within four hours after notification, in writing from this Board. And all carts, or waggons, employed in carting earth, clay, sand, or dirt of any kind, shall have and use good and sufficient fore and hind boards, and otherways sufficiently tight to prevent the said earth, sand, clay, or dirt from dropping in the streets through which they may pass.

Waste Water.

Art. 3. The owners or occupiers of houses, buildings, or lands, shall cause all Waste Water from their premises to be conveyed from their cellars, yards, sinks, pumps, and vacant lands, through drains under ground to common sewers; or to such reservoirs, made under ground to receive the same, as a committee of this Board shall appropriate.

Vaults, Privies &c

Art 4. The owners of vaults or privies, and the occupiers of the house or houses, store or stores, to which they belong or are attached, shall not permit the contents of such vaults, or privies, to rise within two feet of the surface of the earth; and if such contents are found within two feet of such surface, the owner or owners

April 15th occupiers or occupiers, will be prosecuted without further previous notice. And no vault, or privy, shall be emptied without a permit from this Board, and by persons authorized for that purpose.

Stables, and Stable Manure.

Art: 5. The owners or occupiers of livery and other Stables, shall not permit more than two cart loads of manure to accumulate and remain in or near their Stables, at any one time, between the first day of May and the first day of November — and shall keep their Stables and Stable yards clean and decent. —

Market Stalls.

Art. 6. Persons occupying stalls in Faneuil Hall, Boylston or Faikmans market-houses, or the Market-place, and Dock-square, shall daily, in the morning, during the Months of June, July, August, September, and October, wash or cleanse their respective stalls — they shall not permit any heads, feet or offals of dead animals, or vegetables of any kind, to remain in or about their stalls, over night. They shall take up, and remove the platforms of their respective stalls, on the first day of June, and shall not replace them until the first day of November ensuing; during which period, meats of any kind shall not be exposed in the markets, or any other place within the town, except ing in stalls, carts, or other vehicles, which shall be covered from the rays of the sun; nor expose for sale any mutton or lamb with the feet on the same. —

Damaged Grain, Rice, and Coffee.

Art. 7. No person shall be allowed to land on any wharf, or put on shore, from any boat or vessel, or bring into town by land, any damaged grain, rice, or coffee, without a permit from this Board.

Swine and Goats

Art. 8. Swine and Goats shall not be kept within the limits of

April the town by any person, without a license from this Board, and in such place and manner as the Board shall approve.

Fresh Fish

Art. 9. All fish, before brought into this town, shall be first gutted, and the fish made clean. Fresh Fish, (excepting such as are named in the succeeding article) shall not be offered for sale between the 1st day of May, and the 15th day of October, unless kept in covered stalls, fish-boxes, or other houses situated over the salt water: And fresh fish offered for sale in the streets before the 1st day of May, and after the 15th day of October, shall be kept clean in covered carts, barrows, &c.

Salmon and small Fish

Art. 10. Salmon, Shad, Bass, Mackarel, Tautong, Eels, Flounders, Tomcods, Smelts, and other small fish, may be sold at all times, in any part of the town, provided they be kept secure from the rays of the sun, but venders thereof will be held responsible for any nuisance created thereby. — Provided, however, That Salmon and Bass, brought to town by sea, may be sold, and landed therein, when cleansed of their entrails, which entrails are to be kept on board, in tight vessels, and removed beyond low water mark at every time of high water — And that no person take a stand in or near the Faneuil Hall market, for the sale of such fish as are allowed by this article, but at the north side of said market house, at the place provided by the Clerk of said market for that purpose.

And whereas sick persons are much disturbed by the practice of blowing horns, trumpets, and other wind instruments, by fishermen and others, to call the attention of the people to their occupations and business, and the same is injurious to the health of the inhabitants, Therefore, Ordered, That horns, trumpets, or other wind instruments, shall not be blown or sounded, by any Fisherman or other person, to the injury or disturbance of any sick person. —

Oysters.

Art 11. Oysters shall not be offered for sale within the limits of

April the town, between the 5th day of July and the 1st day of September.

Feathers, Rags, &c

Art: 12. Feathers, old or new, shall not be landed, or brought within the limits of the town, between the 1st day of May and the 1st day of November, without a permit from this Office, after a previous examination by the person authorized by this Board. And feathers, and other beds, bedding, clothing, or rags, shall not be landed, or brought into this town from any place where any contagious disease doth, or hath recently prevailed, unless by special permission of this Board.

These Regulations, in addition to those enumerated by the Act empowering the Town of Boston to choose a Board of Health, and other laws relating to said Board, being essential to the preservation of the health of the Town, it is the determination of the Board of Health most rigidly to enforce their execution, and to prosecute all violators — And, as heavy penalties are by law attached to the breach of any or either of them, the said Board request their Constituents to cause these Regulations to be made known to all persons under their direction, and read to their domestics; and also to assist the Board in their due execution. — Complaints of any breaches thereof, or any neglect or inattention, in any person employed or licensed by the Board, are solicited; and those who complain may rely on all proper secrecy. —

Voted, to accept the above report. —

Mr. Robinson Clarkson & Jackson — The Committee to whom was refered the subject of the Scavengers department, have attended that service — After due Consideration Report, That it is in their Opinion expedient to continue the regulations as practiced the year past viz.

That the Town, be divided into two districts — Contract-

ing

April 15 with one person as Superintendant for each district, He to be responsible in his district, for all the duties required, under the direction of the standing committee for the scavengers department — Their drivers of Carts, to be sober, able, discreet persons, causing themselves to know and be known by the several Members of the Board of Health — And at all times subject to their Orders in special Cases, and liable to be removed from their employment, when so required for mal-conduct) in the Opinion of the Committee of the scavengers department

James Robinson Pro Order

Voted, to accept the report, & that the Committee be directed to advertise for persons to contract as Scavengers & when proposals are offered that are agreeable to the Committee, to contract & take bonds &c

Ordered and Directed, That the following Rules, Regulations, Restrictions, Qualifications and Directions, shall constitute the Quarantine Regulations of this Board, on all Vessels &c. which shall arrive within the Harbour of Boston, from any port or place, until the further order of this Board; and that the same be published in the Newspapers employed by this Board for general information, viz

Articles. Quarantine of Vessels.

Section 1. On and after the 3d day of May next, a quarantine shall be had of all vessels, their officers, crews, passengers, and

April 15th

cargoes, that come within the harbour of Boston, which are from, or have touched at any port or place within the tropics, or from any of the West-India Islands, or any port or place where contagious sickness doth, or hath recently prevailed — & all vessels on board of which any person shall have died of any disease, or been sick during their homeward passage, excepting vessels coming from places beyond the Cape of Good Hope, where no contagious or malignant disease was known to be prevalent previous to their departure — or from the islands of St. Helena or Ascension. ——

Sec. 2. The quarantine above directed, shall be had near Rainsford's Island under the direction of the Visiting Physician, and other officers of this Board and shall continue on every vessel which has had twenty-two, or a less number of days passage until she shall have made up twenty-five days from the day she left her last port; and on each vessel which has had twenty-three or more days passage, twenty-two days in addition to such passage. And on every vessel, on board which, during her homeward passage any person shall have died (excepting from accident or casualty) the quarantine shall be extended to 25 days from the last death. And no vessel shall be considered as having commenced quarantine, until she shall have been anchored in her proper station on quarantine ground, as directed by the Visiting Physician or other officers of this Board.

Sec. 3. The masters, officers, crews, & passengers of all vessels, when on quarantine, shall be subject to the Regulations of this Board, and such others as may be adopted by the Visiting Physician: and the master of each vessel shall be accountable for the appearance on board his vessel, at the time she shall be discharged from quarantine of all and every person who arrived in her, or who may have been landed from her on any port of the United States, or put on board any other vessel, during her homeward passage, cases of death excepted

April 15 Sec. 4. In extraordinary cases, the Committee of the Week is authorized to direct the above periods of quarantine to be prolonged.

Sec. 5. Vessels not otherwise subject to quarantine, having on-board small pox on board, may be discharged whenever the Visiting Physician shall consider them free from infection.

Sec. 6. Every master of a Vessel shall within twenty-four hours after being discharged from quarantine, deliver at the Health-Office in Faneuil Hall, the certificate and fees he shall have received from the Visiting Physician or Island Keeper, and shall on paying into the sum of ten dollars, receive a counter certificate from the Secretary of this Board, to entitle his vessel to entry at the Custom House.

Sec. 7. When any vessel has been quarantined, examined, and attended, and the master is desirous of leaving the ground, with his vessel, for any other port, he shall, previous to his receiving his certificate of discharge, pay to the Visiting Physician the established fees.

Sec. 8. During the time a vessel shall be on quarantine, on application made to this Board to permit the unloading and conveyance to town of any wine, rum, spirits, salt, sugar, molasses, mahogany, dye-woods, tobacco, preserved or other fruits, and such other articles as shall be declared incapable of receiving or conveying infection, and when permission to unlade the same shall have been obtained from the Custom house; it shall be lawful for the Committee for the Week to authorize the Visiting Physician of this Board, to permit such articles to be unladen from any vessel on quarantine, and the same to be conveyed to town, by Lightermen duly licensed by this Board for that purpose. — And the Visiting Physician shall grant a certificate thereof, to be deposited in the Health Office, for which twenty-five cents shall be paid: — And the lighters to be employed in the transportation of such uninfected articles, shall, when

April 15th unemployed, be anchored off the South East part of Rainsford's Island; and the Lighstermen employed therein, shall not be permitted to land in town, without the permission of the Visiting Physician.

Article II. Mediterranean Vessels.

Sec. 1. Every master of a vessel who, on and after the 3. day of May next, until the further order of this Board, shall arrive from Gibraltar, or any port or place within the Straights, shall carry and anchor his vessel on quarantine ground, where she shall be examined by the Visiting Physician, who may permit her to pass immediately, if it appears to him that the public health will not be endangered thereby — And the master of such vessel shall receive a counter certificate from the Secretary of this Board, to entitle his vessel to entry at the Custom-house, on his paying him the sum of five dollars.

Article III. Vessels to be reported.

Sec. 1. The masters of all vessels, which, on and after the 3 day of May next, shall arrive from any port or place not subject to quarantine, shall previous to entry at the Custom-house, make report at the Health-Office in Fanueil Hall, of the state and condition of their crews, passengers, and cargoes, and of all other circumstances which may concern the public health. If found to be from a port free of contagious disease, the master of each vessel shall receive a certificate to perm the entry of such vessel, at the Custom-house, for which 25 cents shall be paid; if otherwise, the vessel, crew, and passengers, shall be sent to Rainsford's Island, on quarantine.

Art. IV. Vessels from Out-Ports.

Sec. 1. Every vessel which shall arrive, and enter at any out-port from any of the ports or places mentioned in the first article of these regulations, and shall afterwards come to this port, shall be subject to quarantine, unless the master produces a correct certificate from the Board of Health, or Selectmen of such out-port, that such vessel has been at least twenty-five days from such ports

April 15 or places, that during that time no person has died, (excepting by accident or casually,) or been sick on board; and that such vessel has been duly examined, and thoroughly purified, or cleansed.

Article v. Infected Vessels

Sec. 1. All vessels, from any port or place whatever, having on their homeward bound passage; had one or more persons sick on board, shall, at all seasons of the year, be liable to perform quarantine, if in the opinion of the Visiting Physician, it shall be necessary.

Article vi. The Duty and Power of the Visiting Physician

Sec. 1. It shall be the duty of the Visiting Physician of this Board, to visit Ruinsfield Island every day when there are three or more vessels on quarantine; and, when less than three, as often as the Committee of the Week shall prescribe. He shall direct in what manner vessels are to be cleansed; what articles shall be landed, washed, buried, or destroyed; He shall order the sick to be landed, if necessary; shall attend all the sick at said Island, prescribe according to his best skill and judgment for their relief; and find all medicine: He shall be allowed to charge each sick person for such attendance, provided this charge does not exceed three dollars for common cases; but he may increase the charge for extraordinary cases, deemed such by the Committee of the Week; and he shall report, at least once a week, the number of such sick persons under his care at the Island, the length of time they have been confined there; and, when discharged, shall immediately present his account for attendance, to the Committee of the Week a record of which shall be entered on the Journal kept by that Committee; He shall direct the Pilots where to anchor vessels; and they are hereby required to obey his directions; He shall deliver to the master of each vessel arriving on quarantine, a copy of the Quarantine Regulations of this Board;— He may establish rules and regulations for the preservation of wood erected on the Island, and to promote the designs of quarantine, such rules and regulations being under the control of this Board; He shall, from time to time, report to the Committee of the Week, the State of Vessels on quarantine; He shall grant a certificate of discharge to each vessel leaving

April 15th duly performed quarantine; and generally, it shall be his duty to do and perform all things necessary to carry the Regulations of Quarantine into complete effect.

Article VII The Secretarys Quarantine Duty.

Sec. 1 The Secretary of the Board shall receive the Visiting Physicians certificates of discharge; shall give counter certificates to entitle such vessels to entry at the Custom-house; shall receive the fees received for such certificate, and all other fees, and the same pay to the Treasurer;— He shall make the necessary inquiries of all Masters of vessels reporting at the office; shall note the same; and shall receive and communicate at every meeting of the Board, the reports received from the Island.

Article VIII. The Island Keepers Duty.

Sec. 1. The Island Keeper or his assistants shall attend the purification of all vessels, clothing, bedding, persons, &c at quarantine, agreeably to the directions of the Visiting Physician;- shall board and attend the sick, and find nurses; and shall be allowed five dollars each week for the board and nursing each sick person at the Island; to be collected as the fees of the Visiting Physician are by law collected or assessed;- and shall employ two persons to ply the Island boat, during the time a general quarantine is required;— and shall communicate to the Health-Office information of the arrival of vessels at the Island, as they occur, and of any event which may require the attendance of the Visiting Physician at the Island. Shall carry supplies to vessels on quarantine, when delivered on board the boat and shall be held to conform to all the directions of this Board.

Sec. 2. In the absence of the Visiting Physician, the Island Keeper or his assistants are charged with the Police of the Island, agreeably to the laws and rules thereof.

Article IX

Gentlemen Boston, June 26 1815

Now that the Small Pox Hospital has been thoroughly furnished and cleansed of the contagion of that loathsom disease the Small Pox, although to the particulars,

1815
July 17th relating to the Several patients who have lately occupied it.
have been sent from to time, I intend to the Board of Health,
it may be proper to present to them a Report embracing all
the cases which occured
On the 6th of April David Mitchell a Midshipman of U.S. Navy,
having been a prisoner in Halifax, was sent from Boston, with
the Small Pox, he had arrived in a cartel into Salem a bout 12
days before; when on the passage several people had the Small
Pox, from some of whom he received the disease, and unfort-
unately fell an early sacrafice on the 17th of April. —
Frederick Tomlinson, a Soldier of the 40th regiment, being
exposed to infection by the clothing of one of his fellow Sold-
iers who had the disease, was removed from the Barracks
in Boston on the 17th April, passed through the disorder, and
has recovered. John Brown, a Soldier of the 40th regiment
of the U.S. who had arrived in the Cartel from Halifax into
Salem, was removed with the Small Pox from Fort Warren
where he had been sent from the hospital in Charlestown on
the 13th of April, recovered and was discharged 6th June.
Samuell Doward, a Soldier of the 40th regiment of U.S. who
had also been a prisoner in Halifax, and who had arrived
in the cartel at Salem was brought to hospital from Dorches
ter sent by the Selectmen of that town on the 8th of April,
died of the Small Pox the 19th of that month.
Peter Farnsworth, a private in the 40th regiment of U.S.
army, was removed from the Barracks in Boston with the small
Pox on the 18th of April and died 23d of May.
Peter Paine, a private in the 40 regiment of the U.S. army was
removed from the Barracks in Boston to the hospital with the
small Pox on the 18th of April, and was discharged on the 22d Ins.
Bradley Kimball, a Soldier in the 40th Regiment of the U.S.
army, who had been equally exposed with the above, was also
removed from the Barracks in Boston to the hospital on the 18

1815
July 9th of April where he was inoculated with the Small Pox vaccinated and prepared to receive the disease, home every day and at all times with the sick and dying, till the 6th of May, but shewing no symptoms of the Small Pox, was discharged on that day. He had been vaccinated three years before. ——

William Foster a Soldier of the 40 regiment of U.S. Army, exposed in the same degree with Kimball, was removed to the hospital on the 8th of April was inoculated with the Small Pox, vaccinated and prepared to receive the disease, and after remaining in the hospital equally exposed with Kimball was also discharged. He said he had been vaccinated in Halifax. ——

Eight patients were sent to the hospital, six of whom had the small Pox; three of this number died; and two having been formerly vaccinated, although they were constantly exposed to the infection of the Small Pox for nearly twenty days, escaped the contagion of that loathsome and fatal disease.

We have here presented experiments added to the crowd of evidence already before the public, of the sufficiency of the Vaccine Disease, to resist the infection of the Small Pox, and shewing the incalculable value of this remedy to the humanrace.

Respectfully
Tho^s Welch, Visiting Physician
